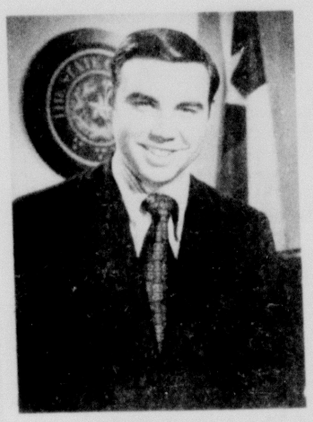
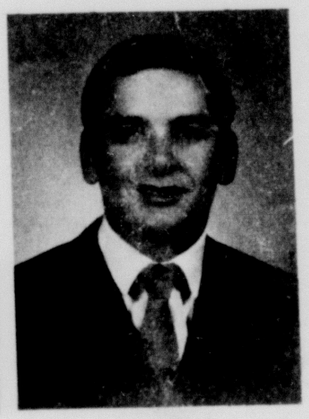
Area Legislators Want WTSU's Carruth Named Next President

Dr. T. Paige Carruth



Ben Bynum



Phil Cates

By CARROLL WILSON

Five Panhandle area state legislators have recommended the selection of Dr. T. Paige Carruth, vice president for student affairs at West Texas State University, as next president of the university.

The News has obtained a copy of a letter sent by the five legislators to Bill Montgomery of Amarillo, who is heading the screening committee which is currently perusing applicants for the job of president.

Dr. James P. Cornette, current president, is to retire within two years.

Signing the letter were Reps. Ben Bynum of Amarillo, Phil Cates of Pampa, Dean Cobb of Dumas, Bill Clayton of Springlake, and Bill Heatly of Paducah.

Copies of the letter, according to an addendum on the letter, were sent to Cloyce Box, chairman of the university board of regents, Dr. Cornette and the university's other regents, T. Boone Pickens, Irby Carruth, Donald Curry, B. Raymond Evans, Kent R. Hance, James E. Jenkins, Patrick Rutherford and Dick Todd.

The screening committee which Montgomery, a Shamrock Corp. executive, chairs, has been meeting weekly to examine applications submitted for the job of president of WTSU. They, in turn, are to relate their recommendations to the board of regents for final action.

Dr. Carruth has been university vice president for student affairs since about two years ago.

Full text of the letter, which is dated March 1, 1973, and which is written on House of Representatives stationary, reads:

"In recognizing the importance of West Texas State University to our area and state and the assets afforded us by this institution, we as members of the Texas House of Representatives are prompted to write you in a spirit of good faith and collective concern.

"Our interest in and enthusiasm for West Texas State University are based upon our observations of the phenomenal progression of educational quality and the sustaining standards of administrative operation evidenced in the last few years as well as an emphatic desire to see a continuation of such progress. In applying ourselves to the current welfare of the school we do hope to aid in ensuring the suitability of its future status.

"It is our opinion that the selection of the university's next president is as crucial an element of well-being as any other consideration. We offer our support of the consideration of Dr. T. Paige Carruth for the Office of President. The qualifications required of the president to meet and deal with the current and future problems facing institutions of higher education are eminently met by Dr. Carruth.

"Dr. Carruth, in dealing with the challenges of the

Miss Canyon Pageant contestants Nikki McCarter and Pam Lightfoot get last minute instructions from Mrs. Shirley Kitchens of Canyon Study Club. The new Miss Canyon will be crowned Saturday night at Canyon High School auditorium, with activities starting at 7:30 p.m.

'Think Industry' Chamber Is Urged By Vice President

Vice president of the Canyon Chamber of Commerce urged chamber board members Monday night to "think industry," and said Amarillo has offered its help in finding and locating industry near Canyon.

David West outlined some of his own efforts at attracting industry to the city and urged other board members to do likewise.

West said he has shown possible industrial sites to members of the development department of the Santa Fe Railway and to members of the Amarillo Board of City Development.

"I learned from Keith Winters (head of the Amarillo development board) that the biggest source of new industry is spin-off from your present industry," West said.

"There are about 3,000 industries trying to relocate and 20,000 cities want them," he said. "We're not competing with Amarillo. We're in competition against the whole nation."

Stressing that Amarillo has pledged its aid to Canyon in industrial development, West told board members "for gosh sakes, think industry.

"We need it and need it bad. If we could get an industry here that could support 160 to 200 people look what that would do for our economy."

West pledged that if any industry comes to Canyon to look at possible site location "I'll devote all my time and effort to it."

In other business Monday night, chamber board members set June 29 through July 4 as the week for the annual Canyon Days Celebration this year.

Jimmy Plain of the Randall County Sheriff's Posse told board members the annual World Championship Pony Express Races will be held June 29 and 30 in Canyon.

He said between 300 and 500 persons are expected to come to town for the races.

In connection with the Canyon Days Celebration, board members agreed that a shorter parade route should be mapped out this year and that the annual barbecue luncheon should be held right after the parade.

Board members discussed briefly the lack of an independent businessman on the 37-member committee to revise the state constitution.

Chamber President Raymond Raillard wrote a telegram last week to Gov. Dolph Briscoe asking that an independent businessman be named to the committee.

Action here was spurred by Mrs. W.B. Parker, president of the Canyon Political Action Group.

Jim Brown, who heads the Chamber's legislative affairs committee, said Amarillo's chamber is satisfied with the 37-member panel.

He said he was told the job of being a committee member would take at least one-half a person's time for the next year.

Chamber Director John Childs told board members they should think about having the annual

(See THINK, Page 14)

City Approves Phone Rate Hike, Discusses 23rd St. Turn Plans

The Canyon City Commission Monday night approved a telephone rate increase, gave an initial go ahead toward installing left turn lanes along 23rd Street (U.S. 87), and set aside $3,650 to be used by the Board of City Development for attracting tourism.

The rate increase for Canyon telephone subscribers was given approval following discussions by city attorney Elton Cox and phone company division manager John Whitcomb of Lubbock.

Cox told the commissioners that he had investigated several telephone rate cases and his findings indicated that the city should go ahead and grant the increase.

According to Cox, the telephone company had done all that was required of them, under wording of the original Extended Area Service resolution passed in 1966, when they filed new rate schedules.

Under the resolution passed Monday night, the city regained the power to regulate telephone rates, with all future increases having to be approved by the commission.

The city attorney told the commission that "it would take an expert to know if the request for higher rates were reasonable" but he added that based on rates of Amarillo and other cities, he felt that they were.

Cox also said he doubted that the city could win a case against the higher rates should they go into court.

Whitcomb told commissioners that Canyon was getting "pretty darn good service for what they were paying for it." He said that were it not for Extended Area Service, the present number of calls made from Canyon to Amarillo would cost more than $300,000 in long distance fees.

He said that a company study indicated that, from the standpoint of percentages, Canyon customers made use of the inter-city system from 12 to 16 times more than Amarillo customers calling Canyon.

The new rate is now in effect, having been retroactive to March 3.

Business phone rates are now $15, up from $13.50; one-party residence phones now cost $6.60, up from $5.75; and two-party resident phones are now $4.50, up

WTSU's Regents Set Meet; New Pres. To Be Discussed?

The West Texas State University board of regents will meet Friday morning in Dallas ostensibly to discuss various contractual agreements.

The News has learned, however, that at least some discussion may also center around initial review of applicants for the job of university president, which will be open following retirement of Dr. James P. Cornette within the next two years.

The News has also learned the regents may elect new officers, a process they have not conducted since the board was initially formed in 1969.

No formal notice, as required by state law, was posted in Canyon of the Friday meeting, which will be at 10 a.m. in Dallas. No notice of the meeting was given area media until just before noon Wednesday, one day into the required three-day notice period.

University spokesman Jack Donovan said he was informed of the meeting Wednesday morning by Dr. Cornette. He admitted that in the past official notice of the meetings have been posted in the Randall County courthouse.

Donovan termed the Friday meeting "a special meeting."

The regents are required to meet quarterly. They have not yet had a meeting for the first quarter of 1973 which ends March 31.

Donovan said only items on the agenda given him by Dr.

(See REGENTS, Page 16)

City Surplus Seen As Budget Unveiled

According to a preliminary 1973-74 budget drawn up by city manager George Loudder and presented to the city commission Monday night, the City of Canyon will have a surplus of funds for the next fiscal year.

The estimated figures indicate that the city will spend $824,287 during the twelve month period, and will have a revenue income of $865,132. Of the $40,845 surplus, $25,000 is being set aside for any unexpected contingency needs, leaving an unencumbered net surplus of $15,000.

"This is only an estimate at this time," said Loudder.

The figures also do not include revenue sharing funds on hand and expected during the budget period. The budget figures show that as of March 31, $89,020 in the federal money will be on hand, and another $93,471 is anticipated. When interest is added to the revenue sharing money, the city should hold a total of $190,703 at the end of March, 1974.

No official action was taken by commissioners regarding the proposed budget, except for allocating $3,650 to fund the newly formed Board of City Development, each inspected the figures Monday night and offered ideas and recommendations.

The next year's budget reflected the payment of $264,115

(See BUDGET, Page 10)

Two More Seek School Seats

Two more county residents filed to seek election to seats on the Canyon School Board this week as filing ended Wednesday.

Incumbent Harold Erwin, who has farming and ranching interests north of Canyon, filed to seek re-election.

Dr. Hiram Carr, local dentist, also filed for a position.

The two brought to six the total number of candidates who seek election to two seats available on the board this year.

Election will be held April 7.

Erwin, a native of Randall County, is a graduate of Canyon High School. He is also a graduate of West Texas State University with a degree in math.

He began farming and ranching north of the city in 1946.

Erwin is a member of the Randall County Farm Bureau.

He has three children, one at WTSU, one at Canyon High and another at Gene Howe Elementary School.

Dr. Carr, a native of Post, came to Canyon in 1966 after receiving his DMD from the Dental School at University of Louisville, Ky.

He received a bachelor's degree from WTSU and a masters degree from North Texas State University.

Locally, Dr. Carr is a member of the Rotary Club, the Masonic Lodge and the Canyon chapter and council of York Rite Degree.

He has actively worked with the Cub Scouts and is currently scoutmaster of Troop 197 of Boy Scouts.

He is also involved in various professional organizations.

(See TWO, Page 13)

New Slogan For Canyon

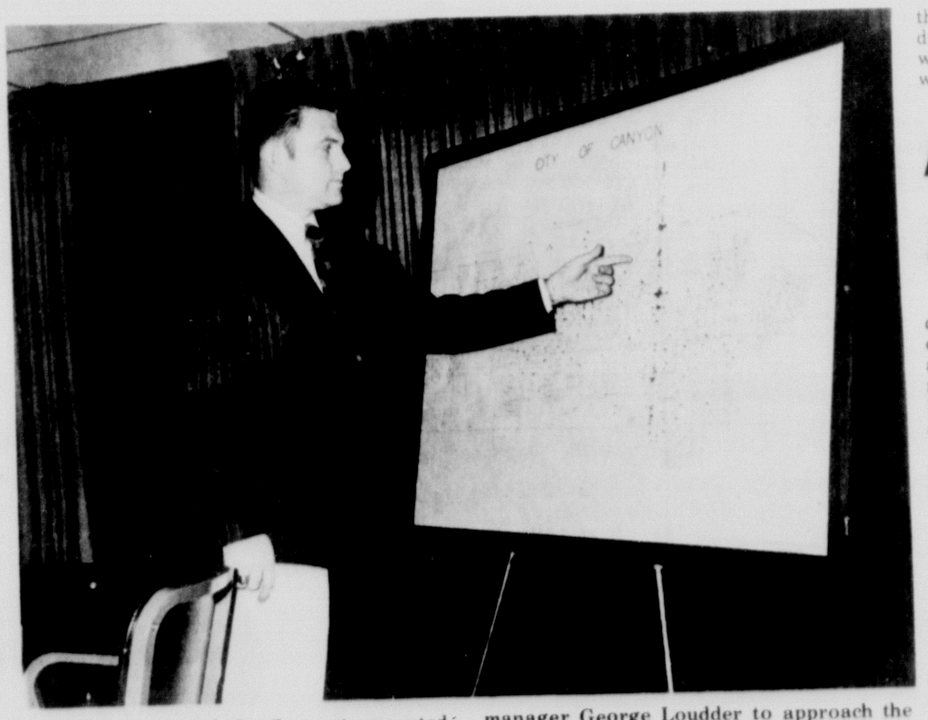
Canyon has a new slogan — Discover Canyon Country.

Although the slogan was not exactly adopted by the Canyon Chamber of Commerce Monday, it received widespread board approval.

The slogan replaces one devised several years ago in a contest — Canyon, Can-Do City.

Chamber directors are busy dreaming up ideas on how the new slogan can be put to use to promote Canyon.

Some suggested that buttons with the slogan emblazoned on them be purchased. Others suggested the slogan be used on chamber literature.



Canyon Police Chief Alan Stewart presented a plan for left turn lanes to the city commission at their meeting Monday night. The commission instructed Stewart and city manager George Loudder to approach the Texas Highway Department for approval and funding.

Miss Canyon Contest Due Saturday Night

Judges will be faced with the difficult but pleasant task of choosing Miss Canyon 1973 from among 48 pretty contestants next Saturday night when the Miss Canyon Pageant is staged at Canyon High School.

The competition begins at 7:30 p.m. Tickets costing $1.00 for adults and 75 cents for children 12 and under may be purchased at the door or from members of Canyon Study Club, the sponsoring organization.

As the girls walk across a stage decorated with plants and flowers in keeping with the "Springtime" theme, judges will be sizing them up on poise, personality and appearance. After each girl has appeared singly, the top ten will be selected. Then after another round of elimination, the new Miss Canyon and four runners-up will be selected.

Julie Brantley, Miss Canyon 1972, will crown the winner.

The winner of the Miss Canyon Pageant will be awarded two $50 U.S. Savings Bonds, donated by the First National Bank and West Texas State Bank, and a trophy and flowers donated by Canyon Study Club. First and second runners-up will also receive trophies and flowers from Canyon Study Club, and a "Miss Congeniality" trophy from McDonald's Dress Shop.

Dean Kelley of KFDA-TV, Ch. 10, in Amarillo will be the master of ceremonies for the pageant. The four judges will be Miss Linda Adams, Miss WTSU of 1972; Lloyd Senn of KGNC-TV, Ch. 4; and Mr. and Mrs. Vander Zee of Hereford, president of Hereford State Bank and his wife.

The girls taking part in the pageant will meet with judges for brief individual interviews on Saturday afternoon at 3 p.m. at the First National Bank.

Other activities leading up to

FROM THE CANYON RIM

I was incredulous when I learned that a group of area legislators are trying to twist the arms of members of the committee screening applicants for president of West Texas State University.

In an unprecedented power move, five members of the legislature threw their support to Dr. T. Paige Carruth, presently vice president for student affairs.

Of course any threat will be denied but the threat is in the mind of the reader and I see coercion in bold face.

Signatures on the letter, distributed to members of the committee, regents and Dr. James P. Cornette, include Ben Bynum, Amarillo; Phil Cates, Pampa, Dean Cobb, Dumas; Bill Clayton, Springlake; and Bill Heatly, Paducah.

Heatly has a reputation as a strongarm man in the legislature where he was for years chairman of the appropriations committee and close associate of then Speaker of the House Gus Mutscher.

In a speech here two years ago Rep. Tom Christian said the Mutscher-Heatly combine was guilty of abusing power almost to the point of dictatorship.

Maybe I see a threat where there is none but I doubt it. The letter speaks of the five's pride in WTSU and implies that if Carruth is not made president they will have no reason to feel pride in the future.

There is a deeper implication that no longer able to feel pride, they will no longer feel constrained to fight the university's battles in Austin.

Bynum is not above using power, if he had any. As a matter of fact in the past he has attempted to use power he does not possess.

If the legislators had meant only to recommend Dr. Carruth for the job, they undoubtedly would have written individual letters setting forth Dr. Carruth's merits.

The letter does not mention any qualification Dr. Carruth might possess to recommend him for the post of WTSU president. The message is clear and it is signed by five legislators.

Five legislative signatures undoubtedly is a show of force and when the letter to which these signatures are attached is directed to a group responsible for choosing a new chief for an institution for which the signers are responsible for funding, IT BECOMES A THREAT NO MATTER HOW MUCH OR LOUDLY the element of threat is denied.

I resent the letter and its implication and I think it will be even more deeply resented by the people to whom it was addressed.

Federal Funds May Help Annex Study

Randall County Commissioners were told Monday of the possibility that federal funding is available to help finance a feasibility study on expansion or new construction of a South Amarillo courthouse annex, but one commissioner seemed hesitant to quickly accept the aid.

County Judge Woody Pond said he has received a grant application from the Panhandle Regional Planning Commission which can be used to seek funding through the Texas Criminal Justice Council. The grant would mean a feasibility study of facilities needed in a South Amarillo annex would cost local taxpayers nothing.

Commissioners two weeks ago decided to launch a feasibility study to see whether to expand the current over-crowded courthouse annex or build another one.

Reading from a letter from C.L. Abernathy, PRPC criminal justice expert, Pond said it is also probable that federal funding could be had to finance architect's fees in connection with expansion or new construction.

"The less cost to the taxpayer the better off we're gonna be," said Commissioner John Fulgenzi.

Commissioner Jim Fletcher was verbally wary of the proposal.

"What's the scope of the study?" he asked.

Judge Pond said Abernathy had volunteered to help commissioners determine that aspect of the project.

"I have second thoughts about make-work projects," Fletcher said. "I don't think this is a make-work project," Fulgenzi retorted. "I think this is the point in time when we need to do something up there (in the South Amarillo courthouse)."

Fulgenzi said any information obtained through the study would be of advantage to the commissioners.

"How broad in scope will this feasibility study be?" Fletcher asked.

"We can sit down and determine that when we're ready to go into it," Fulgenzi said.

"We should decide some guidelines before we send in a blank sheet," Fletcher said, referring to the federal grant applications.

Fletcher asked exactly what the feasibility study was supposed to be of and with what goal in mind.

Judge Pond turned over the grant applications to Fletcher and instructed him to talk with Abernathy.

"If you want to fill them out, fill them out and don't if you don't," Pond said.

Commissioners agreed to take up the subject again next week.

In other business Monday, Road Maintenance Supervisor Joe West said he plans to seal coat 39.9 miles of county roads this year and plans to lay down about 5 miles of new road.

Cost, he said, would be about $90,000 for the projects.

Commissioners awarded contract to International Harvester of Amarillo to furnish two 2-ton pickup trucks for county road maintenance use.

The trucks carry an 18-month warranty. Total cost is $12,746.

Fletcher told commissioners he'd like to see the approximately 20 separate county bank accounts consolidated.

He said he feels the county could proceed more efficiently with three or four accounts and asked that the law be determined on how many accounts the county must have.

WTSU Profs Told Of Collective Bargaining

Collective bargaining will be a household word on the majority of public university and college campuses within the next five years, a group of professors at West Texas State University were told recently by a representative of the American Association of University Professors.

Robert Van Waes, of Washington, D.C., also said that the right for professors to collectively bargain with administrations of private institutions would be commonplace within ten years.

Waes was brought to the WTSU campus by the local chapter of the A.A.U.P., which has taken no official stand on collective bargaining due to state law which now prohibits such action.

According to the national association speaker, much has been done toward making collective bargaining a reality and he cited gains made in several large universities, particularly in the Midwest.

"As new state laws are passed, more of the public sector will be opened up," said Waes.

He said there was a great deal of interest and curiosity concerning collective bargaining . . . and what it holds for the individual.

One of the primary needs, according to Waes, is to understand collective bargaining and what it can and can't do. "There are some things it is not able to do," he added.

The speaker called collective bargaining "an option to be chosen by more and more faculty members" and "a shift away from the present stance of action."

He cited organized labor's efforts to bring more public employees under the collective bargaining umbrella. "Public employees in general are targets, not just faculty," he said.

New laws tend to be generalized, Waes said, with teachers being brought in as public employees.

Waes told of the differences between the primary and secondary levels of teaching, claiming that the A.A.U.P. was in a much better position to represent the collective bargaining needs of higher education faculty.

He said that the Association of Federated Teachers and the National Education Association, both longtime representatives of primary and secondary teachers, is now moving up into the college level . . . but do not fully know and understand the problems confronting faculty members in higher education.

"The A.A.U.P. knew about collective bargaining before the A.F.T. and N.E.A. knew about higher education," the A.A.U.P. spokesman said.

According to Waes, collective bargaining can mean a drastic change in the academic situation, with professors able to enjoy a better job market and monetary gains.

"The A.A.U.P. is now involved in collective bargaining and is stepping into the tenure question," said Waes. He added that while some faculty members looked on collective bargaining as a very radical response to faculty problems, the national association he represented had "looked hard and slow" before getting into the battle. "We still need to be tailored to the needs of higher education," he said of the association's move into the collective bargaining picture.

Collective bargaining would, said Waes, shore up academic freedom and tenure; increase the professor's role in university government, allow a grievance committee and promote better monetary and professional opportunity.

The A.A.U.P. role, said Waes, was to help the individual chapters set up legal and monetary systems for the purpose of working toward collective bargaining. "The cost must be borne by local groups," the speaker said. "Contracts cost money and they are expensive as compared to present small fees."

He said fees paid to local chapters would have to be increased "but it does pay off." He called the move toward collective bargaining for professors "new, different and expensive."

"Five years from now we will look back and wonder why people were so excited about it."

About 20 professors attended the meeting.

Dr. Peter L. Petersen, associate professor of history at WTSU and president of the local chapter, said Waes was brought in so "we could find out what was going on."

While there is no law allowing public employees in Texas to bargain collectively, legislation covering police and fire department employees has been acted on, giving what some public employees call a foot in the door toward collective bargaining.

"I was surprised to hear Mr. Waes predict collective bargaining to be just five years away," said a member of the local chapter at WTSU.

New Smelter Hailed As Boon To Area

Randall County commissioners and representatives of the Canyon Chamber of Commerce hailed the Monday announcement a $100 million American Smelting and Refining Co. plant will be located in Amarillo as a great boon to the whole area.

County commissioners, exuberant over the announcement during their regular Monday meeting, pledged full support of the ASARCO plant.

Commissioner Jim Fletcher told commissioners of the noon announcement that the company, which operates a zinc refinery now in Amarillo, will locate a copper refinery in Amarillo in 1975.

Fletcher enthusiastically noted that several committees of the Amarillo Chamber of Commerce are pursuing other industries which are related to the copper refinery to locate in the area.

"The only thing that would make it better is if it were in Randall County," Fletcher said.

"It's the biggest thing that's happened in this part of the country in a long time," Commissioner Bill Butler said.

Commissioner John Fulgenzi said the commissioners should work with the Amarillo Chamber industrial committees "to get some of that in Randall County."

Fulgenzi suggested the commissioners write a letter to the Texas Air Quality Control Board asking the Austin board to extend a deadline set at the end of this year for the closing of the current ASARCO zinc smelter in Amarillo.

ASARCO officials said Monday they will be asking for an extension so current employees of the smelter plant can simply transfer to the new copper plant.

The Air Quality Control Board recently told the ASARCO refinery it must cease operation by the end of this year due to alleged air pollution.

Fultenzi suggested the commissioners also send similar letters to local state legislators and senators.

Judge Woody Pond agreed to write the letters in the name of the commissioners.

Canyon Chamber of Commerce Vice President David West also expressed enthusiasm over the ASARCO announcement earlier this week.

"We're real excited because we've got our hat in the ring for any spin-off industry from them," he said.

West said with location of the new copper plant north of Amarillo, it might be likely that other related industries might want to locate in the Amarillo-Canyon area.

He said the chamber will be pursuing the possibility of attracting related industry to locate in the immediate Canyon area.

He said the chamber will be writing letters also to state officials urging the extension of the deadline for the current ASARCO plant. The letters will be written in conjunction or after consultation with the Amarillo Chamber of Commerce.

Mrs. Grotegut Honored On 70th Birthday

By REBA RAEF

GREETINGS FROM UMBARGER. Haven't we been having nice weather? Sure hope it will continue.

ABOUT SEVENTY RELATIVES and friends gathered Sunday, March 4, to honor Frances Grotegut, on her seventieth birthday. The surprise covered dish dinner and party were held in the Knights of Columbus Hall in Umbarger. Those who attended were, The Rt. Rev. Msgr. M.F. Schafle, pastor of St. Mary's, Umbarger; Mr. and Mrs. John L. Wieck and family; Mr. and Mrs. Elroy Artho and family, from Umbarger; Mr. and Mrs. Leo Artho and family, from Dalhart; Mr. and Mrs. Harvey Artho and family, from Wildorado; Mr. and Mrs. Norbert Skypala and family, Mrs. Mary Skypala and Mr. and Mrs. Elmer Reinart, from Hereford; Mr. and Mrs. Ted Irlbeck, Mr. and Mrs. Vincent Friemel, Mr. and Mrs. Sylvester Batenhorst and family, Henry Skypala, from Umbarger; Mr. and Mrs. Howard Koch, Mrs. Marilyn Johnson, Miss Judy Carpenter, from Canyon; Mrs. Lee Weaver, from Borger; Mrs. Henry Leven and daughter, from Panhandle; Mike Wiseman, from Vega; Mr. and Mrs. Henry Grotegut, from Gruver; Mr. and Mrs. Joe Grotegut and family and Mrs. Alice Koch and family, from Umbarger.

MRS. GROTEGUT, THE former Frances Skypala, came to the Umbarger community from High Hill in 1918. She and the late Anton Grotegut were married in St. Mary's Church in Umbarger, June 24, 1930. Frances said that she was never so surprised in all her seventy years. Hosts for the party were the Joe Grotegut, Henry Grotegut, and Alice Koch families. We hope that you have many more happy birthdays, Frances.

MRS. JOE WIECK is a patient in St. Anthony's Hospital, in Amarillo. Ola underwent surgery on Monday. A speedy recovery to you, Ola.

MRS. GERTRUDE FISCHBACHER has been released from the hospital and will visit in the home of her daughter and family, the Harry Brorman's, in Hereford for a while. We will be glad to have you back home soon.

LORI FISCHBACHER IS at home, following a stay in the hospital. Glad to have you home again, Lori.

THE RANDALL COUNTY Farm Bureau met last Wednesday. Dr. Cope, guest speaker, led an interesting discussion on the diseases of feeder cattle, illustrating much of his talk with slides. Dr. Cope is district veterinary with the Extension Service. In the business meeting, Tom Payne was elected community committee man.

THE 1971 KNIGHTS of Columbus bowling team hosted a party for members and their wives on Saturday evening, March 3. The group went to the Big Texan for steaks and an evening of dancing. Those attending were Mr. and Mrs. Vincent Raemakers, Mr. and Mrs. Carl Hartman, Mr. and Mrs. Jack Brandt, Mr. and Mrs. Ed Wieck, Mr. and Mrs. Leonard Batenhorst, Mr. and Mrs. Lewie Raef and Johnny Batenhorst.

BELATED HAPPY BIRTHDAY wishes to daughter Margaret, also Donnie Batenhorst, who both celebrate birthdays on March 3.

DON'T FORGET THE Umbarger Community Association information and games night, tonight, March 8. The meeting will be held in the school gym.

SUNDAY EVENING, ST. Mary's Altar Society and Christian Mothers will serve a chili supper, followed by a games night, in St. Mary's parish hall. Everyone is invited to attend.

CONGRATULATIONS TO TOM Haschke, son of Mr. and Mrs. Lee Haschke, who on Sunday March 4, completed his tour of duty with the United States Army. Tom enlisted in the Army on January 30, 1970. He volunteered for duty in Vietnam and served there from June 25, 1970 to May 31, 1971. While serving in Vietnam, he received the Combat Infantry Badge; Vietnam Service Medal w/2 Bronze Service Stars; National Defense Service Medal; Republic of Vietnam Campaign Medal; Bronze Star Medal; Air Medal; Army Commendation Medal and Sharpshooter (rifle). After his tour in Vietnam, Tom was stationed at Ft. Hood, Texas. While at Ft. Hood, Tom was cited with a letter of appreciation and recommendation, from his commanding officer. He praised Tom for his outstanding performance as both a track and wheeled vehicle mechanic. He was advanced quickly, in spite of the fact that he had little formal training as a mechanic. He was also praised for his willingness to learn, and his dedication to his job. He served a year with the National Guard, to round out his military hitch. Tom has gone to Missouri and Oklahoma, where he plans to find employment. Best wishes, Tom, in your new endeavors. The Haschkes oldest son, Ronald, served with the Signal Corp in Vietnam some seven years ago.

THAT'S ABOUT ALL tonight, folks. Just remember to call me when you have news for my column.

Reba, 499-2164

Chi Upsilon Party Has Circus Theme

"The Circus" was the theme of a rush party and salad supper given Thursday night, March 1, by Chi Upsilon Chapter of Beta Sigma Phi in the hospitality room of the First National Bank building.

Guests present were Mrs. Jeri Rozzell, Mrs. Nell Haws, Mrs. Sharon Gardner, Mrs. Jeanine Hicks, Mrs. Judy Thompson, and Mrs. Frances Brown.

Members attending were Mrs. Marj Sharp, Mrs. Sue Michale, Mrs. Juanita Johnston, Mrs. Shirley Stevens, Mrs. Anne Cornelius, Mrs. Gayle Ninemire, and Mrs. Marion Thompson.

The rush party was preceded by a planning meeting on Feb. 21 in the home of Mrs. Ernestine Costley, 710 8th St. Plans were also discussed at that time for the Volleyball Tournament scheduled March 8, 9, and 10 at the West Texas State University Fieldhouse.

Mrs. Johnnette Clements presented the program at the February meeting on "To See and To Know." The door prize was given to Mrs. Shirley Stevens.

WT Sponsors Horse Sense Conference

The second annual "Horse Sense" Conference is scheduled for the Cody arena in Amarillo Friday and Saturday.

The conference for youth and adults who work with horses is being sponsored by West Texas State University and the Texas Agricultural Extension Service.

Registration will start at 4:30 p.m. Friday. The fee will be $3 for adults and $1 for youths.

The first nights program will conclude at 10 p.m. Starting time for the Saturday session will be 9 a.m.

Outstanding speakers and horsemen will handle the conference. B. F. Yeates and Gary Potter from Texas A&M Agricultural Extension Service will be present. On the program from Amarillo and representing the Extension Service will be W. W. Grisham, Jr. and Ed Garnett. Dr. C. M. Smallwood and Larry Kasten from West Texas State University will be on the conference program.

Rounding out the program will be Dr. R. L. Boss and several students from WTSU and other areas of horsemanship.

The conference will end at 6 p.m. after a seminar for adult leaders.

John Brazzil, Randall County Extension Agent, said several hundred adults and youths from the Texas Panhandle area are expected to attend the conference.

Amarilloan Files For School Post

A South Amarillo man has filed to seek election to Precinct 2 of the Randall County Board of School Trustees.

He is Charles M. Purcell, co-owner of P&M Machine Shop in Amarillo.

Purcell will run against Mrs. K. Bert Watson, incumbent in Precinct 2.

Filing deadline for the April 7 county school election was Wednesday.

Garden Club Cancels Meet

The meeting of Canyon Garden Club scheduled for tonight at 7:30 p.m. in the home of Mrs. Anne Weaver has been cancelled, according to an announcement by Mrs. K. E. Hines, President.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: WILLIAM RAY JACOBS, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of April A.D. 1973, to Plaintiff's Petition filed in said court, on the

12th day of February A.D. 1973, in this cause, numbered 12,502-A on the docket of said court and styled In the Matter of the Marriage of Mollie Jo Jacobs and William Ray Jacobs.

A brief statement of the nature of this suit is as follows, to-wit: Divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 12th day of February A.D. 1973.

Attest: LaQuitta Polvadore
Clerk, 47th District Court
Randall County, Texas.
By Kay J. Morton, Deputy.

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 2 p.m. on March 29, 1973 at the County Courthouse at Canyon for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for Randall County.

As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Randall County. All interested persons are urged to attend and comment upon the proposed regulations.

THE STATE OF TEXAS
TO: ROY CHARLES TRAVER, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of April A.D. 1973, to Plaintiff's Petition filed in said court, on the 19th day of February A.D. 1973, in this cause, numbered 12,518-A on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF JOAN INESS TRAVER, Plaintiff, and ROY CHARLES TRAVER, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce and awarding the custody of the children to the Petitioner, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Randall County, Texas, this the 19th day of February A.D. 1973.

Attest: LaQuitta Polvadore
Clerk, 47th District Court
Randall County, Texas.

NOTICE OF INTENTION
TO ENGAGE IN
WEATHER MODIFICATION
ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC., OF P.O. BOX 1627, PLAINVIEW, TEXAS 79072, who holds License No. 73-6 of the State of Texas intends to engage in an operation designed to decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows:

1. The area over or within which equipment may be operated shall include portions of these counties: Hale, Lamb, Castro, Swisher, Briscoe, Floyd, Crosby, Lubbock, Hockley, Randall, Deaf Smith, and Parmer.

2. The target within which hailfall is intended to be decreased is described as follows: Hale County in its entirety plus two additional tracts. The first is bordered by a line commencing at the intersection of U.S. Highway 385 with the northern boundary of Lamb County, extends eastward along the county line to the intersection of Farm Road 1424 with the northern boundary of Hale County; thence northward along Farm Road 1424 to an intersection with Farm Road 1075; thence due west to an intersection with Farm Road 385; thence southward along Farm Road 385 to the northern boundary of Lamb County. The outer boundary of the second tract commences at the intersection of U.S. Highway 70 with the Hale-Floyd County boundary, extends northward along the county line to the intersection with Swisher County; thence eastward along the county line to the intersection with Farm Road 2301; thence southward along Farm Road 2301 to the intersection with U.S. Highway 70; then southeastward along U.S. Highway 70 to the intersection with Farm Road 378 (east intersection); thence due south to an intersection with Farm Road 579; thence westward on Farm Road 579 to the Hale County boundary; thence northward to the intersection of the Hale County boundary with U.S. Highway 70.

3. The equipment, materials, and methods to be used in conducting the operation are a weather radar system, cloud seeding aircraft and flares for dispension of silver iodide nuclei near cloud base.

4. The person who will be in control and in charge of the operation is Jonnie G. Medina, Plainview, Texas.

5. The operation will extend during the period beginning about April 1, 1973, and ending about November 30, 1973.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Weather Modification Affairs Coordinator
Texas Water Development Board
P. O. Box 13087
Austin, Texas 78711

Dated 2-28-73.

Signed Frank Moore, President
Plains Weather Improvement Assn.

Eagles Blast Hereford

The Canyon Eagles baseball team made it three impressive wins in a row and moved their season record to 3-1 Tuesday when the bombed Hereford 15 to 6 in a game played at Hereford.

On Saturday, they had unloaded their guns on Borger and swept a twin bill by scores of 6-3 and 5-1.

In the Hereford rout, the Eagles got off to a lightning-like start in the first inning, climaxed by a three-run triple off the wall by Steve King.

Gary Gerber, Canyon's long-ball hitting catcher, picked up a double and a single, while Wayne Pitt and Ed Lair added a pair of singles each.

King chalked up three RBIs, Gerber had two and Pitt and Lair each drove in one tally.

For totals, the Eagles picked up their 15 runs on ten base hits and a mixture of walks. They committed three errors.

Hereford's six runs came on five hits and they bobbled the ball a total of six times.

Raby Ratliff started on the mound for Canyon but gave way to Ed Lair in the second. Lair, the winning pitcher, went the rest of the way, giving up seven walks while striking out eight.

In the twin win over Borger Saturday, the Eagles all but drowned the Bulldogs in the first inning when they unloaded five straight basehits, all singles.

Catcher Gary Gerber led the bombardment with two doubles, a triple and three runs batted-in in the first game, and with a pair of singles in the second.

Wayne Pitt also came through with two singles in the finale, but Ronnie Cates provided the big second game blast when he lashed out a three-bagger.

Bill Moore tossed the second game and missed a no-hitter by a whisker, allowing only one clean base blow. Moore, who tends centerfield when not pitching, gave up only one walk and whiffed nine.

The only loss for the Eagles was the opening day 5-1 decision dropped to Palo Duro.

Friday at 4 p.m., at Conner Park, the Eagles will meet Hereford again. Moore, who threw a one-hitter at Borger on Saturday, is scheduled to make his second start of the season.

The Eagles will play Dumas at 3 p.m. Saturday in a tournament at Pampa, with the finals to be played later that evening.

Volleyball Tourney Begins Tonight

A Volleyball Tournament involving about 20 men's and women's teams from Canyon and surrounding towns will begin tonight at 6:30 p.m. in the West Texas State University Fieldhouse. Play will continue on Friday and Saturday nights beginning at 6:30 p.m. also.

The tournament is being sponsored by Chi Upsilon Chapter of Beta Sigma Phi to benefit girls in the Children's Home of Amarillo, to help support Girls Town, and for national projects. Admission will be 25 cents.

Chi Upsilon will present first, second, and third place trophies in both men's and women's divisions. Teams from Happy, Tulia, Lazbuddie, Amarillo, Vega, and Adrian as well as Canyon will be competing. Canyon's women's team is being sponsored by Taylor & Sons Lumber, and the men's team is sponsored by Station KCAN-Radio.

The committee in charge of the tournament is made up of Mrs. L.H. Benham, Mrs. Nell Sims, Mrs. Wes Ninemire, Mrs. Lewell Johnston, and Mrs. Jack Sharp.

License Plate Deadline Nears

License plate sales in Randall County are lagging, according to figures released this week.

Mrs. Audrey Bruse, tax assessor-collector, said only 8,800 sets of plates have been sold so far this year compared to 10,000 which had been sold at a comparable time in 1972.

"We should be ahead of last year because we're picking up new registrations all the time," Mrs. Bruse said.

The delay by county residents in purchasing their plates could cause considerable delay during the final weeks of purchasing when long lines could develop in the tax office.

Mrs. Bruse said deadline for residents to have their 1973 tags is April 1.

Deadline for registering motor vehicles by mail is Saturday.

Mrs. Bruse said if a taxpayer comes to the courthouse to buy his plates, and brings his computerized renewal form he may use an Express Line. Otherwise, he must bring his title and 1972 license receipt.

She noted that the Canyon and Amarillo tax offices are open throughout the week as well as from 9 to 12 on Saturdays.

NOTICE TO LOCAL BANKS
ADVERTISEMENT FOR BIDS

The City of Canyon, Texas, will accept bids for the City deposits in accordance with a request by the City Commission. The bids will be received in the office of the City Manager, City Hall, 1600 4th Avenue, not later than 5:00 p.m. on Monday, March 19, 1973.

Carrier's going to put the squeeze on your trash problem.

$259.95 Monarch Trash Compactor only $99.95* when you buy Carrier central air conditioning.

We know what you're thinking: It's just another bribe. You're right. We admit it!

But, it's also a very good deal. Better than any other offer you're going to find. Now, or next summer.

We don't take you for dummies. We just want your business — and are willing to show it. So, Carrier has a solution to two bothersome, irritating problems: summer heat and trash. If you buy a Carrier system now,* a $259.95 Monarch Trash Compactor is yours for only $99.95. That's a $160.00 savings!

It's the greatest new appliance in years. Crushes bottles, cans, cartons ... anything your disposal shouldn't ... into a neat, easy to carry plastic bag. And it's completely safe.

What's more, you're buying the best ... Carrier. The finest, most dependable central air conditioning system you can get. Not second, or third best. We're number one. Here, and around the world.

So why, if we're so good (hot?), are we trying so hard to bribe you?

To get your attention.

To make you aware that the best time to refrigerate your home next summer is now.

Come see us today.

You're really going to thank us come summer. And just about everytime you see someone struggling with the garbage.

Scout-O-Rama And Campfire Banquet Coming Up

By TOOTIE BYBEE

HELLO ONCE AGAIN from our little oasis of the treeless Southwest. The weather has been a little more pleasant these last few days. Doubt if we can count on it to stay that way for very long. Although the many robins and mountain blue birds we have had in the past few weeks do give me hope of another spring being very near. Sue Brooks' bright yellow Crocus near her door also adds a bright and happy promise of a new spring being ever so near. Have seen daffodils swaying in the breezes also. The bright new spring and summer fashions found in the stores are another sure sign. But even with all this, the most positive sign of all was the pickup load of fertilizer coming into the park convinced me that the earth will renew herself in another lovely spring jubilation. So, all you gardners, etc., get ready.

Baby Boy Born To McCarters

Mr. and Mrs. Sherman McCarter of 1005 7th St. have become parents of a new baby boy, Randal Shane, born Feb. 28 at Neblett Hospital here.

Randal weighed 9 pounds 9 ounces at birth and was 20½ inches in length.

He is the McCarters only child. Mr. McCarter is co-manager of Ideal Food Store here.

Maternal grandparents are Mr. and Mrs. Marvin Salmon of 3201 Linda Lane here.

HEARD THAT SAM Clements had a most pleasant week doing just what he enjoys the very most. He spent the week at Toledo Bend in East Texas fishing and writing an article about it for "Field and Stream." Then this weekend Marion flew down to join him. Hope they both enjoyed the short vacation. Well, Barb and Sam what did you do to keep busy and out of trouble!

SUSAN STEEN WHO lives in the beautiful house on McCormick with the windmill that's painted red and white, called me yesterday. She has acquired by way of the dog's choice, not theirs, a small orangish brown and white doggie. Says he is very, very good natured, fat and healthy. Wonder if it just might belong to some child, etc., out there in the reading area. If you have lost your doggie and this description(?) fits, give her a call; otherwise she may have another member of the family. As she mentioned someone from town may have brought it out to get rid of it, as so often happens. Wish people would understand the problem this causes when they let their animals go. They either starve and suffer a very slow and agonizing death, get hit by a car, mourn to death or pack up with other strays and cause the cattleman a headache and end up being shot. Any way they do die, it seems to us it would be much, much more humane to take them to the animal shelter, where they may have a chance of being adopted and if they must die it would surely be the least painful way. Perhaps the answer is to never take on an animal without being sure you want him, and are willing to accept the responsibility for his existence. And one of those responsibilities is to feed them and keep them in your own yard. Well, anyway, you should try and if any one sees that obnoxious Lady Bug send her home, and I'll try to keep her home more! These comments on the doggie situation comes from about 12 different people this week who have mentioned they wish I would mention it.

OH YES, SUSAN and I also discussed 4-H which meets at her house. This is for kids and horses. There will be a very special meeting there the 24th. There will be a demonstration on different points of showing and handling a horse. Sounds like they have rounded up some pretty good experts for this and she said the more the merrier. About 2:00 the 24th.

AFTER AN ABSENCE of a few weeks, Mike Tow is back at it again. He won first place in the motocross races Sunday at Dalhart. His new motor is sure pretty. Go get 'em Mike.

THE GILLISES HAD a very exciting weekend, so I hear by way of the grapevine (Tracy). Gil, Joan, Jan Williams and Joe went to Ruidoso to ski. Seems Gil, Jan and Joe all became quite adept at the sport and advanced to the intermediates, and Joan tried harder and never got past the beginner stage. Oh, well! Said they are busy planning another trip and are going to take the kiddoes along this next time. Maybe Joan can do better with practice!

MIKE MORGAN IS selling tickets to the Scout-Arama. They are $1 and children under 12 are free. So, if you would like to go, give Mike a call at 622-0760 and he will run your tickets over on his bike. Uh oh, Ronnie Kyle is also selling these tickets, and his number is 622-1101. So support a good cause and get you some Scout-Arama tickets.

GET READY, DADS. The Camp Fire Girls Dad and Daughter Banquet is March 23, 7-10 p.m. Our group goes to Crockett Junior High, 4720 Floyd. This on a Friday, and to you dads that travel, please make a special effort to be home that particular Friday a little early. If dad just can't make it, a grandpa or uncle or other adult friend will do for the girl's date. Good eating and lots of fun are in store. We are busy making decorations now. Our theme is "It's a small world." On Thursdays we will be taking trampoline lessons for the new eight weeks. Thanks to Michal Ann and Ann for their help with our decorations the last two weeks.

WELL ABOUT THREE or four moms are really busy trying to beat the Sunday deadline on making pretty frocks for about six or seven girls out here. The Friendship Baptist Youth singers will be traveling to Ft. Sumner to sing in the First Baptist Church. There they will be presenting "Tell It Like It Is" for the church Sunday night. It will be the first night of the Ft. Sumner Church's Revival. If nothing else the pretty yellow and white long flowing dresses on the girls will be worth it all. Those going are Sherry and Glenna Evans and parents, Dana, Karen and Kay Tow and mom (I hope) and Leslie Bybee and guess who.

BETTY MALSON, NO more telephone tricks, it will get me in trouble. Matt Malson enjoyed the company of his cousin this weekend, James Green. They attended the movie and jumped on the trampoline.

DIDN'T QUITE KNOW who the Millers were in their pretty new yellor car Sunday afternoon. Kept wondering who was waving and following me, and it was you all the time. Noticed the Johnsons have their home up for sale. They will be moving soon to their new mobile home on their little ranchero across Washington. Sure will miss you, but know you will be glad to get into "The Home" soon.

I BELIEVE THE Crews are getting a nice new fence. We hope to do this one of these days soon. Then Lady Bug will have to stay home!

DID YOU SEE sweet Dana Tow on TV? She was on the "Farm and Home" show along with the rest of the Miss Canyon entrants. She sure looked pretty. Remember to go and give her your moral support, March 10, at the Canyon High School.

ALSO VISITED WITH Tina Nance for a little bit this Sunday. My what a lovely new home they are building. Never saw so much love and planning going into a home.

WELL, ALL FOR this round. Give me a call.

Tootie

P.S. OH yes, who is that little ole (???) brick layer on the East side of the park?

Three Canyon firemen inspect the cabinet area beneath a sink in an apartment at Canyon Creek Apartments Monday night. All units from the fire department were called to the Apartments about 7 p.m. to fight a fire which caused only minor damage and smoke damage to two apartments.

Local Woman In Conference

Mrs. Wiley Hicks Jr. of Canyon will participate in a Citizens Conference on Ethics in Government later this month at the invitation of Lt. Gov. Bill Hobby.

The conference will be in Austin on March 20 and 21 to consider various aspects of ethics in state government.

In making announcement of Mrs. Hicks appointment, Hobby said he hopes the conference can be a "true grass-roots input into the legislative process."

He said he hopes the 150 delegates will develop a consensus report outlining major areas which the citizens feel should be covered in ethics legislation.

Mrs. Hicks has been active in area politics, heading up the area women for Dolph Briscoe and Sen. Lloyd Bentsen. She is in the Potter-Randall Democratic Women Club and is secretary of the Golden Spread Quarter Horse Association.

News Brief

Mr. Joe Fischbacher of Umbarger has just returned from a three-week trip to Switzerland where he visited with uncles, aunts and cousins and toured livestock farms. In spite of the almost continuous snow, he was able to travel extensively in the country.

Dolls, clocks, tapes, records, and Swiss cheese were among the items Mr. Fischbacher brought back with him to Canyon. This was his second trip to Switzerland, the first having been made with his parents when he was only four. His mother, Mrs. Albert Fischbacher, Sr., and father, now deceased, were born in Switzerland and came to this country to farm after they were wed.

JC Players Sign With WT

David Mitchell and Thomas Tobias, a pair of standout junior college basketball players, have signed pre-enrollment applications to attend West Texas State University.

Both Mitchell and Tobias are attending Neoso County Junior College in Chanute, Kan. They earned all-conference honors last year.

The 6-1, 170-pound Mitchell averaged 21.2 points per game this past season as he hit on 44 per cent of his field goal efforts and 69 per cent of his free throws.

Earlier this week he hit a school single game high of 47 points against Labette County Junior College. He had a 45-point effort last year as a freshman when he averaged 22.5 points per game for a team with a 19-8 record.

Tobias, 6-5 and 220, scored 17.9 points per game this past year and pulled in 12.1 rebounds. He hit on 46 per cent of his field goal attempts and 63 per cent of his free throws. He scored 17.2 points per game as a freshman and averaged 12.5 rebounds.

Both Mitchell and Tobias attended high school in Washington, D.C. Mitchell started at McKinley Tech High School and averaged 10 points per game his senior year on a club which won the metropolitan championship.

Tobias was a star in both football and basketball at Bell Vocational High School. He averaged 14 points and 13 rebounds his senior year as his team placed second to McKinley Tech for the city title.

In football Tobias was the All-Metropolitan quarterback his senior year. In an all-star game that summer he was named the most valuable player.

Neoso County, under coach Louis Mann, has a 16-9 season record this year, with two games remaining on its schedule.

Kiwanis To Play Key Club Thur.

Members of the Canyon Kiwanis Club will pit their basketball skills against those of the Canyon High School Key Club in a contest to be played in the high school gym Thursday night.

According to Vaughn Nelson of the Kiwanis Club, the elder team will be composed of Neil DeBord, Benny Cooper, Steve Hines, Phil Langen, Don Tardy . . . "and others."

To date, expected to play for the schoolboy team are Jim Madewell, Mark Collier, Mark Guill, Kevin McCuistion and Randy Abbott.

Kiwanis president Phil Langen said no admission will be charged and everyone is invited to the game, which will begin at 8 p.m.

A week from Thursday, the Key Club will take on the disc jockeys of radio station KIXZ at a time and place to be announced later.

Science Fair Winners Named At Rex Reeves

Robin Waide, Jan Park, Rebecca Waide and Terry Davis took top honors at the Rex Reeves Elementary School Science Fair held during Texas Public Schools Week and will advance to the Panhandle Science Fair scheduled for March 15 in Amarillo.

Robin's entry was the schooling behavior of fish; Jan won with her noise pollution entry; Rebecca displayed visual dot power; and Terry's winning effort was the theory of how planets were formed.

Each won "best of their category" while competing with some 40 to 50 entries, all described as authentic and well done.

Other categories and the winners were:

Botany - 1st place, Larry Mann and Norman Newman; 2nd place, David Kershen; and 3rd place, Robin Wright.

Earth and Space - 1st place, Terry Davis; 2nd place, David Scott; and 3rd place, Tracy McAlpine.

Medicine and Health - 1st place, Gary Fletcher; 2nd place, Terri Vaughn; and 3rd place, Teresa Warren.

Zoology - 1st place, Robin Waide; 2nd place Mark Wilson and Deena Fletcher; and 3rd place, Rene Brock and Laura Jokerst.

Chemistry and Biochemistry - 1st place, Lea Warren; 2nd place, David Blake and Jo Tisa Holladay; and 3rd place, Alan Moldenhauer.

Physics - Jan Park and Rebecca Waide; 2nd place, Terry Mayfield; and 3rd place, Marty Kuhlman.

Ribbons were awarded to each winner, along with many Honorable Mention awards.

According to assistant principal Bryce Slack, this year's science displays were in greater number and evidenced increased interest on the part of the student body. "The boys and girls put in a lot of hard work this year and came up with many exceptional entries," Slack said.

Jan Park, Rex Reeves sixth grader with her award winning entry in the school's Science Fair. Her charts, drawings and a tape recording dealt with noise pollution and will be entered in the Panhandle Science Fair in Amarillo on March 15.

Happy Cowgirl Named To All-Star Game

Pam Shipman, high scoring senior forward on the Happy Cowgirl's basketball team, has been selected to play in the Third Annual Panhandle Girls' High School All-Star Game set for March 24 in Amarillo.

The game is in conjunction with the Fifth Annual Amarillo National Women's Invitational Tournament and is to be held in the Civic Center Coliseum beginning at 7:05 p.m.

Miss Shipman, who averaged 27 points per game during the past season, will play for the West in the game which will feature 28 of the Panhandle area's leading stars.

The four-year letterman held a field shot accuracy of 47 per cent and was on target at the free throw line 76 per cent of the time.

She was also credited with 13 rebounds per game and with six steals per outing, while earning a spot on the 5-B All-District squad.

Miss Shipman's coach at Happy is Leslie Lee.

CHS Band In Contest Held At WTSU

Members of the Canyon High School Band took part in a University Interscholastic League solo and ensemble contest Saturday at West Texas State University, and director J. W. King has announced the following results:

Students who will receive a gold medal for Division 1 performances include:

Brass Sextet — John King, Fred Bush, DeAnn Holmes, Keith Laycock, Harold Thompson, Alvin Oglesby.

Woodwind Quintet — Alan Beghtel, Dan McGlasson, Cindy Johnson, Sheryl Sommer, Nancy King.

Clarinet Quartet — Iva Hill, Kellie Wright, Jeff Reid, Charlyse Moulton.

Flute trio — Brad Garner, Teddi Crager, Sharon Lumry.

Percussion Ensemble — David Finke, Kent Bord, Tim Crown, Troy Edwards.

Brass Sextet — Patricia Maxwell, Steve McDaniel, Eric Murrell, Ronnie Cates, Bill Moore, Grover Brillhart.

Flute trio — Peggy Adams, Debbie Ramaekers, Vicki Chastain.

John King, cornet solo; Nancy King, clarinet solo; Patricia Maxwell, cornet solo; Leslie Baird, clarinet solo; Sheryl Sommer, oboe solo; Brad Garner, flute solo; Teddi Crager, flute solo; Larry Caviness, alto saxophone solo; Sharon Lumry, flute solo; Mike Word, baritone saxophone solo; David Finke, snare drum solo; Vern Zimmerman, clarinet solo; Peggy Adams, flute solo; Doug Rittenberry, clarinet solo.

The following students will receive a certificate for a Division II rating:

Jerri Sisk, bass clarinet solo; Fred Bush, cornet solo; Larry Young, horn solo; Kelly Wright, bass clarinet solo; Stacie Wright, bass clarinet solo; Horn Quartet — Eric Murrell, DeAnn Holmes, Larry Young, Clay Harper; cornet trio — Jeff Cates, Maureen Gidden, Don Bedard; Saxophone Quartet — Larry Caviness, Doug White, Randy Bright, Mike Word.

The following students rated Division III in their performance: Ann Shell, flute solo; Philip Tucker, trombone solo; Cindy Johnson, flute solo; Trombone quartet — Mike Slack, Philip Tucker, Kevin Youngblood, and Doug Day.

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

Kids Inc., Not To Meet Tonight

A Kids Inc. meeting scheduled for tonight has been postponed until Monday night due to a conflict of schedules, it was announced Wednesday.

The meeting, to discuss an important project and to register candidates for the upcoming track season, will be held Monday at the Canyon Community Center beginning at 7 p.m., said roundup chairman Max Brummett.

Petition Delays Appointment

Aware of the possibility they may have to become arbitrators in a decision of annexation of 11 sections of North Randall County property into the Amarillo School District, County School Board members Monday postponed appointment of a new member to replace one who resigned last week.

The current board of trustees includes two members who live in the Canyon School District and two who live in the Amarillo School District.

A fifth member would be appointed from one of the school districts.

Apparently due to the fact that this appointment might weight the school board, members decided decision on appointment of a new member was too important to be accomplished quickly and agreed to postpone the appointment until their regular meeting.

Monday's meeting of the board was the second in four days and was called due to the resignation of Robert Skinner, who said in a letter he had moved out of his original precinct.

County Judge Woody Pond, who is ex-officio county school superintendent, told the board they must appoint a replacement to fill out Skinner's unexpired term which ends in April 1974.

Three men were suggested to fill the term—two from the Amarillo School District and one from the Canyon district.

They are John Allen, an Amarillo pharmacuetical salesman, Joe Turpin, a Randall County farmer, and Don Dickerson, Amarillo architect.

Trustee Don Marsh of Amarillo expressed the feeling that the appointment should be fair to all concerned.

He made reference to the possibility of a petition being presented the Amarillo and Canyon school boards asking that 11 sections of land now in the Canyon district be annexed by the Amarillo district in the north part of the county.

The News learned of the possibility the petition would be circulated and presented last week.

"The problem I forsee since we don't normally have a lot to do, is that in the event Amarillo (school district) and Canyon (school district) have problems they can't resolve then we become quite important and I don't know what is the best way," Marsh said. "Everybody is supposed to be open and fair-minded. We're here to represent the voters.

"We've got to be careful in appointing somebody. We need to be particularly careful in that it's a fair appointment, somebody who will be representative of who they're representing. Then, if we get into a school district squabble, do we appoint somebody who basically represents Canyon Independent School District or Amarillo Independent School District?"

J.D. Barker, trustee, said he thinks any appointee should "be big enough" that partisan interests would not sway his thinking.

"I'd hate for us to be criticized one way or the other," Marsh said. "I don't want it to look like I'm lining up or . . ."

The trustees agreed to make a decision at their meeting on April 13.

In a related discussion, the board asked Pond if he had determined yet exactly where a petition from the 11 north Randall sections would go for approval.

Pond said the law was unclear on the matter and that Dist. Atty. George Dowlen is seeking an attorney general's opinion on the problem.

In an earlier meeting last week, the board declined to discuss the possible annexation of property now in CISD by AISD on the basis that since a petition has not yet been presented any discussion would be premature.

IDEAL FOODS FREEZES PRICES ON OVER 350 OF ITS OWN ITEMS FOR 60 DAYS

Everybody Talks About Rising Food Prices... Ideal Foods is Doing Something About Them!

Starting today thru May 8th Ideal is freezing prices on Camelot, Ideal, Meadowdale, Squire, and Mel-O-Crust brands (from canned goods to household products). So if a can of Camelot cut green beans costs you 25 cents today you can bet it will still cost you 25 cents next May 8th.

At Ideal, we always try to offer you the best possible food quality at the best possible prices. There's not much we can do about commodity or wholesalers' price increases, but we do the best we can....and we'll continue offering you top quality meats, produce and big name brands at the best prices we can come up with....(or down with)!

We intend to extend our freeze beyond May 8th if we possibly can....and we, of course, will lower our prices at any time, or may advertise lower than freeze prices. Because at Ideal we still think of food as a necessity....not a luxury.

Come in and see how much you can save during this freeze period as these items will be special tagged for your identification.

PRICES FROZEN!

Canyon Student Honored At DU

Gene Myers, formerly of 1219 Fourth Ave., Canyon, is one of 25 University of Denver seniors recently named to the 1972-73 edition of Who's Who Among Students in American Universities and Colleges.

To be eligible for the honor, students must be of senior status, have achieved a minimum 2.0 grade average (on a 4.0 scale) and have contributed significantly to activities and projects on the University campus.

Myers, a civil engineering major at DU, was editor of the DENVER ENGINEER, a student publication with a circulation of 10,000 on and off campus, during his junior year. The quarterly magazine publishes articles "for the general reader" on engineering topics with ramifications for everyday life.

He has also served as a member of ECOM, governing body of the engineering students, and was treasurer last year of the DU chapter of the American Society of Civil Engineers, a national honorary society for engineering students.

Last summer he worked for the city of Englewood, a suburb of Denver, as an engineering aide.

The 25 honorees were selected by a special committee of faculty members, administrators and students from the sophomore and junior classes. Who's Who Among Students has been published since 1934 in Tuscaloosa, Ala.

Budget . . .

(Continued from Page 1)

for general salaries, and another $71,709 to be paid to water department and city hall employees.

This is a combined increase of $48,108 over last year and includes a 4.1 per cent cost of living wage increase. The increase, said Loudder, was the third consecutive cost of living increase for city employees, and was based on the Consumer Price Index.

One commissioner questioned why city employees were not being given raises of 5 or six per cent as he understood many other cities and counties had provided.

Loudder said that Canyon city employees had been given the two previous raises, based on the consumer index, while many other government agencies had not been as generous in the past. "They understand this," the city manager said.

Commissioner Felix Pierce noted from the budget figures that income from the sale of water had been projected up from $215,000 this year to $250,000 for the coming year. He asked if this meant that there would be a jump in the price of water for city customers.

Loudder explained that the figures were based on an expected increase in the sale of water which would bring in additional revenue. The city manager also said there would have to be, at some time, an increase in the water rates of large volume users who now are paying an extremely low rate per one-thousand gallons. He added that such large volume users are buying water for less than the city can provide it.

West Texas State University was mentioned as one of the areas in which the price of water needed to be increased.

Pierce said to "raise them but not put more burden on the taxpayers of Canyon."

Loudder said any anticipated raise in the water rate would have no effect on the average residential user who now is paying a rate above the cost of production. No rate increase was included in the budget figures for 1973-74, he added.

Included in the prospective budget is $32,900 for a new well to be installed at the Umbarger well field. The commissioners also discussed the yearly upkeep of the wells now in operation and agreed that repairing or rebuilding one old well each year was the most economical route to take.

The amount of money to be spent for books at the public library will, according to the new budget, be upped from $2,500 to $3,000, and plans call for spending about $1,000 each year to add new playground equipment at Conner Park.

The budget for the police department shows a decrease in funds to be spent, down from $120,142 this year to $118,976 for the coming year.

One of the money saving factors regarding the police department was less expensive mechanical upkeep of the new, smaller patrol cars, said Loudder and Police Chief Alan Stewart.

The city's part in subsidizing the ambulance service was expected to remain the same for the next year, with a repeat figure of $7,575 projected.

Operation of the fire department is expected to cost more during the next 12 months, $47,721 as compared to $43,030 this year. According to Loudder, some money would be spent in running a six-inch water line to the drill field and installing a fire hydrant.

This need has been brought about by new requirements in the certification of firefighters, the city manager said.

Funds allocated to the sanitation department will be dropped from $85,240 to $79,718, but street department costs will be upped from $74,494 to $103,794. This is primarily due to plans calling for the rebuilding of about 20 blocks of dirt streets throughout the city, said Loudder.

The sewer department will show a budget increase over this year, from $38,361 to $43,195.

Water production is expected to cost less, down from $86,330 to $59,956. The higher cost for 1972-73 was largely due to the construction of a large water storage tank.

The cost of distributing water will be increased slightly, according to the proposed figures. This year the cost was $56,122, and estimated for the coming year set at $67,573.

Before the final budget is approved by the city commission, a public hearing will be held following proper public notice.

News Brief

Directors of the Randall County Farm Bureau will meet at 8 p.m. today in the Farm Bureau Building in Canyon, according to Joe Turpin, president.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Caravan On Road Today To Visit Plainview

The WTSU Caravan, making its inaugural junket, takes to the highway Thursday with Plainview hosting the first appearance.

The caravan is a group of West Texas State University students, faculty and administrators and a collection of informational materials about the Canyon institution.

"The purpose of the caravan is to bring to the students' hometown information about the advantages of securing a higher education and especially what West Texas State has to offer," said Jack Edmondson, director of public services at WTSU.

"This is a pilot informational program and whether it is continued in other Panhandle-Plains cities will be decided after we see the type of reception the Plainview students give to it," he added.

The caravan will set up in the Plainview High School cafeteria, starting at 7:30 p.m.

Senior and junior students and their parents from Plainview and area high schools are invited to attend.

"We will stay as long as there is a student or a parent who has a question to be answered," Edmondson said.

Each of the university's six colleges and schools—agriculture, arts and sciences, business, education, fine arts and graduate—will be represented.

Also such specialized programs as nursing, ROTC, student life, financial aids, scholarships and admission procedures will have booths.

The Plainview chapter of the West Texas State Ex-Students, Inc., will provide refreshments. Wayne Rankin of Plainview is president of the ex-students.

"The idea is an informal get-together where students and parents can browze among the displays and visit with university people at their leisure," Edmondson said. "There will be no speeches."

You can sell most anything with a want ad. Call 655-7121.

Two Girl Eagles Win Super Team Honors

Two of Canyon High School's Girl Eagle All-State selections have been named to The Amarillo Globe-News 1973 Panhandle-Plains Super Team. They are forward Kim Killingsworth and guard Lynn Davis.

Miss Davis placed on the first team and Miss Killingsworth made the second elite squad. Canyon's other All-State selection was guard Carla Ratliff.

The selection committee credited Davis, a junior, with averaging ten recoveries and eight rebounds per game during the past season, while allowing only 1.6 per cent turnovers.

According to the committee, she "played like a veteran" during her first varsity year "and made few mistakes."

Miss Killingsworth, a senior, was cited for averaging 20 points per game, and hitting from the field at the rate of 50.7 per cent. Her accuracy at the free throw line was 77 per cent.

Super Team

Carla Ratliff
All-District
All-State

The committee stated that she had averaged ten assists and five rebounds per game while "providing key leadership."

Coach Bob Schneider said this week that he was proud that his players were singled out for the Super Team honor. "They worked real hard and deserved it," he added.

Miss Ratliff, a junior, earned her All-State spot by leading the Eagles defensively all year and especially during state tourney play. "It is good that she and Lynn (Davis) will be back again next year," said Schneider.

Happy Track Team In Opening Meet

The Cowboys of Happy High School last weekend placed 14 in a field of 21 larger schools when they took part in a meet held at Boys Ranch.

Coach Leslie Lee said he was well pleased with his squad's showing, especially considering the wind, the cold and having several team members absent to attend a stock show.

Happy finished third in the mile relay as Teddi Offield, Lonnie Tackitt, Johnny Payne and Greg Looney posted a time of 3.47.9.

Wayne Offield took sixth place in the high hurdles with a time of 17.9.

The meet was won by Hart, a team described by coach Lee as "a real good team."

Lee added that the times were exceptionally fast for the first meet of the year and when the soft track at Boys Ranch was considered.

He added that he expected to have his full team suited out when the Cowboys go to Springlake Saturday for a meet there. The Cowgirls will open their track season Saturday, also at Springlake.

Secretaries Give Stipend

Deborah L. Ellis, 18, daughter of Mr. and Mrs. Harold Ellis of Booker, has won a $150 National Secretaries Association scholarship at West Texas State University.

The scholarship was presented by the association's Tierra Blanca chapter of Canyon.

Miss Ellis is a freshman majoring in secretarial studies.

Fraternity Sets High School Meet

Phi Delta Phi, honorary French fraternity at West Texas State University, is sponsoring a symposium for Region 16 high school students on March 17, beginning at 9:30 a.m.

The symposium will be held in the fine arts building at WTSU.

Events will include competition in various categories of the French language, and a poster contest, spokesmen said.

Any student interested in attending may contact the modern language department of their high schools, the fraternity spokesman said.

Local Airman In Mississippi

Airman Rocky L. Rhodes, son of Mrs. Dollie L. Allen of 1408 Fourth Ave., Canyon, has been assigned to Keesler AFB, Miss., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training in communications-electronics systems.

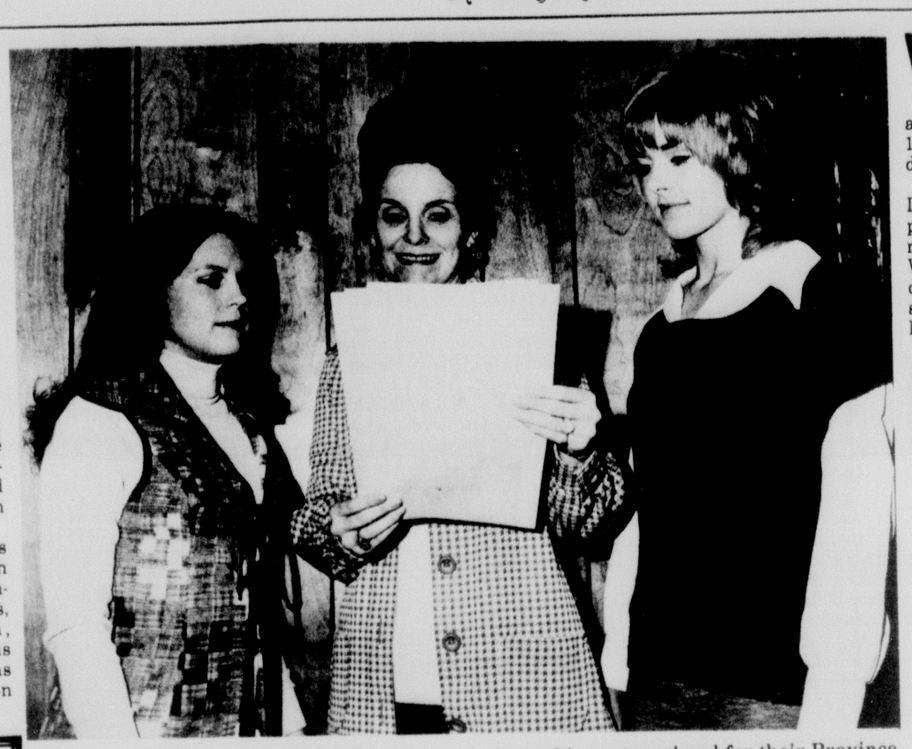
Airman Rocky Rhodes attended Canyon High School.

Airman Rocky L. Rhodes

Local Man Is Speaker

Scott Stubblefield of Canyon will be a seminar speaker at the 5th annual Southwestern Animal Health Conference to be held March 17-18 at the Convention Center in Waco, Tex.

The non-profit conference is specifically designed to deal with animal health problems encountered by stockmen in Texas, Arkansas, Louisiana, Oklahoma, and New Mexico. It is co-sponsored by the Texas Veterinary Medical Association and Texas A&M University.



Paula Leon, left, president of the Delta Zeta chapter at WTSU, and Patty Powell, right, vice-president, have been rolling out the red carpet this past weekend for their Province Chapter Director, Mrs. John Gullatt of Austin, who is making her annual visit.

WT And Tech Meet Friday In Golf Play

West Texas State University and Texas Tech have scheduled a 10-man golf match for 1 p.m. Friday at Amarillo Country Club.

"I will check with Tech coach Danny Mason later, but we will probably use a three-point per match system of scoring," said West Texas coach Vern Farquhar. With the three-point system, one point is given for the low score on each nine holes and one point is out for the low score for the 18 holes.

Buffalo players will be Jerry Boeka, John Hood, Randall Burton, Eddie Kilmer, Junior Salinas, Andy Lawler, Dick Weston, Mickey Piersall, Rick Piersall and Steve Webb.

Boeka led the Buffaloes last week in the Border Olympics Tournament with a 295 total, shooting rounds of 71, 73, 74 and 77. The Buffaloes finished with a 1,218 total for 13th place out of the 29-team field. Texas Tech was fifth at 1,195.

Other Buffalo scores in the Border Olympics were Hood 311, Burton 307, Kilmer 316, Salinas 313 and Lawler 305.

"We played fairly well in the tournament, but suffered on the final round with seven out of bounds penalty shots," said Farquhar. "We defeated such Southwest Conference schools as TCU, Baylor and Rice."

Province Officer Visits Delta Zeta

Zeta Zeta Chapter of Delta Zeta social sorority at West Texas State University this weekend has been hosting the annual visit by their Province Chapter Director, Mrs. John Gullatt of Austin.

Mrs. Gullatt's visit included officer reviews, plans for fall rush, and details concerning the State Day which is held each spring. Last year's State Day was held in Lubbock and well over 500 Delta Zetas from all over Texas attended. This year's State Day will be held in Houston.

Local Delta Zetas here work with the Amarillo Speech and Hearing Clinic and last year gave them over $700. This is a national and local philanthropy.

AAUW Hears Dr. White Discuss Center

Dr. Dan A. White, chairman of the department of elementary education at West Texas State University, talked about the Teacher Center Project to members of American Association of University Women gathered Saturday afternoon at the Episcopal University Center.

Mrs. Jo Green, president of the Canyon Division, conducted a business meeting that preceded the program. Plans for attending the State AAUW Convention April 6 and 7 in Austin were discussed. Approval of those present was also received for arranging a candidates night for the upcoming Canyon School Board election.

Mrs. Georgia Blackwell submitted the slate of officers for the coming year as proposed by her nominating committee made up of herself, Mrs. Betty Stoker, and Mrs. Barbara Sawvell. Those nominated were Mrs. Audrey Rider, president; Mrs. Ada Crager, membership vice-president; Mrs. Jane Munsell, treasurer; and Mrs. Donna Greer, program vice-president.

Dr. White began his discussion of the Teacher Education Center by saying, "Throughout history we have tried to improve the education of teachers. We have wanted their training to be the best it could be." He said the project at WTSU dated back to the late 60's when Dr. Kenneth Laycock and Dr. Emmitt Smith began thinking in terms of a federally financed project to research teacher training at WTSU. When their ideas were presented to Dr. Harlan Ford of the Teachers Education Agency, five "stations" were asked to cooperate in connection with developing a competency based way of training teachers. The other participants besides WTSU were the University of El Paso, the University of Houston, Texas Christian University, and the Dallas Independent School District.

Referring to the education department at WTSU, he remarked, "We tried to form a new approach to the training of teachers. The method here is different from the method at the University at Houston. We think this is good — we need diversity."

Some of the objectives of the program, the speaker said, were to retrain teacher trainers, especially those that would be dealing with minority groups; to involve not only the teacher education institution and education service center, but also the community, the public schools, professional organizations, and community colleges; and to work for reapplication of things worked out at the Teacher Education Center in the College of Education and College of Arts and Sciences.

"In 1969 the proposal was submitted to the U.S. Office of Education and approved for funding," he said, adding that he arrived on campus and became involved in the project in the fall of 1970. Others were appointed to staff the project in that same year, and the competency based program was developed in the following year. "Now in the school year 1972-73 we actually have prospective teachers in the program who will be completing it in May."

Dr. White explained by slides and comment how the competency based program differed from conventional teacher training. He explained the purpose was to develop "self-starters" among prospective teachers because the actual nature of the profession required every teacher to be self-motivated. "I think nothing is sadder than to see someone in the teaching field who really doesn't want to be a teacher."

The education professor told the women that the project would exhaust its federal funding in June 1973, but that the materials developed would continue to be used. "We have put lectures by consultants on video tape, because we will not have money to hire them after June of this year." He emphasized that "the Department of Education will move toward a competency based teacher education plan this fall."

The program has not been without problems, said Dr. White, naming coordination of communication as one of the problems. In practical terms, he explained, some of the students had difficulty making their visitations, obtaining materials, scheduling seminars when left to their own initiative. Referring to the student, he said, "He comes to the teacher for what he needs, rather than attending a lecture three times a week. Seldom is a lecture right on the topic a student needs at the time."

In the question period that followed his prepared talk, Dr. White denied the new group would attempt to control policies and objectives of other departments in the university. "I don't think the Teacher Center idea implies that they will dictate content to other departments. We are saying, however, that the instructor should have definite course objectives so that the student knows what he is supposed to do and can do it better."

Following the program, refreshments were served to the group by a committee made up of Mrs. Audrey Sanders, chairman, and Mrs. Linnie Harter, Mrs. Dorothy Smith, Mrs. Grace Scott of Tulia, and Mrs. Rose Kinzer.

Mrs. Baird taught her sons to take personal responsibility for the quality of their product.

And today Mrs Baird's Bread is still judged by members of the Baird family... because they still care about personal supervision.

Happy News

Arney Community To Have "42" Party--Farmers Union Banquet Set April 6

By MARY NEAL HENRY

IT HAS BEEN brought to my attention that all five of the Happy Cowboys did not foul out of their last basketball game of this season. Because they were all on the bench in the fourth quarter, not necessarily the end of it, I was under this impression. This proves that all is not always as it seems. (This can be good or vice-versa. Judge each instance individually.) Three players fouled out of the game, two of the starting line-up. One of these occurred before the fourth quarter. One player was out because of an injury. Excessive fouling may be attributed to the anxiousness to win. Well, certainly there is nothing wrong with wanting to win. Let's not lose that!

THE COACH NEEDS no defense. He wasn't attacked. I meant what I said about Bud Roberts having been a great coach. No one ridiculed me when I bragged on a math teacher, an English teacher, **or a grammar** school teacher.

This was simply giving more credit where credit is due. This praise was strictly that and nothing else.

TOO MANY AGREED with me for me to think I was all wrong. You see, I get as excited as anyone. I enter into the excitement of a ball game. I love basketball. For personal reasons, I knew that I could not get excited the night Happy played Spade. As I calmly watched that game unfold, I must have seen for the first time, what many people have since told me existed for a long time. Can't this be taken as constructive criticism? We either regress or progress. Let's all go forward together!

THANK YOU FOR the many calls and encouraging words. I appreciate each of you!

MR. BILL EUBANKS had surgery last week in Methodist hospital in Lubbock. He is very much improved and may even be home sometime this weekend.

CHARLES MORRISON'S FATHER, E. S. "Peck" Morrison, of Memphis, Texas, is in High Plains Baptist Hospital for surgery performed on Tuesday. Mr. Morrison is in Room 489. The veins in one leg were clogged. Remember the Morrison family.

MRS. J. D. Roberts of Wayside enters St. Anthony's hospital today for surgery tomorrow. Dr. Wright will perform this surgery.

THE ARNEY COMMUNITY Club will sponsor their annual "42" party on Saturday, March 10, at 7:30 p.m. at the Community Center. This will only last ONE NIGHT this year. A high prize and a low prize will be awarded at the time. That's this week-end, so don't miss it!

THE DISTRICT I Farmers Union Banquet will be April 6 at the Holiday Inn West in Amarillo. This will begin at 7:30 p.m. Speaker for the occasion will be Victor Ray of Denver, Colo., who is with the national staff. His subject will be recent cutbacks in the farm program. A dance will follow the banquet. "Young Country Sounds," a western band, will play for the dance. Tickets cost $5 each and admit you to the whole evening of entertainment. You may call me if you'd like tickets. I'll relay the message and the tickets will be brought to you. My telephone number is 764-2158 and I'll be very happy for you to call.

THE HAPPY ARTISTS Club met on Friday evening of last week at Zelma's Art Shop with Helene McFarland presenting their program. Helene presented a history of water color, which is the oldest medium of painting. She attempted to discuss the misunderstandings about water color and showed the many techniques of water color. Present were Curley Selvidge, Mary Womack, Joy Cox, Fay Fellers, Eddie Wison, Kathy Moudy, Carolyn Kimbrell, Letha Fullerton, Leona Henry, Peggy Bell, Sylvania Burch and Helene McFarland.

KEVIN DONNELL, MARK Hargrave, Wendy Sims, Stuart Tackitt, Chris Pearson, Gary Barrett and Ken Henry and Agriculture Instructor Lee Moore spent last week in Houston at the Fat Stock Show. Chris Pearson won 9th; Kevin Donnell won 11th; Stuart Tackitt won 14th; Wendy Sims won 17th; and Mark Hargrave won 27th.

THE ACTEENS OF the First Baptist Church ate supper Sunday evening after church at the El Camino. Judy and Mandi Shipman and Angelique and I took Shannon Heil, Megalia Thornton, Bobbyetta Butler, Connie Hand, Brenda Penn and Diane Johnson.

GWYNN AND WELDON Tucek and their family ate Sunday dinner with Weldon's parents, Mr. and Mrs. Raymond Tucek, in Canyon.

THE VOLUNTEER FIREMEN'S Annual Volleyball Tournament was really good. Hardaway Butane won the Women's Division. This team was Louese White, Judy Shipman, Alice Middleton, Mary Johnson, Nell Sims, Pat Sims, and Kathy Holland. They beat Al's Restaurant. This second place team was Marcella Shaw, Gail Null, Tanya McCarley, Linda McDonald, Sharon McCarley, Suzette Wesley, and Sue McCune. Happy Welding beat Wallace Motor for third place in the tourney. Happy Welding team was Treverne Vermeire, Lawana Selvidge, Judy Thompson, Linda Swanson, Glinda Dempsey, Janis Cosby.

IRVING'S BARBER SHOP won the Mens' Division. Bob Hargrave, Larry Payne, Bill Andrews, Lee Donnell, Reggie Johnson, Ronnie Middleton, Richard Kennedy, and David Penn played on Irving's Team. They beat Texas Tops for the first place trophy, but Texas Tops won the second place. This team was Dickie Clark, Paul Heil, Bobby Ellis, Bill Whitlow, Weldon Tucek and David Tucek. Arney Grain beat Wallace Motor for third place. Arney Grain's team was Steve Cole, Sr., and Steve Cole, Jr., Vonnie Fields, Buddy Selvidge, Paul Swanson, Vincent Venhaus, Zeke Frost, and Kip Morgan.

ON FRIDAY EVENING of the tournament, the Women's Happy Welding Team beat Harman Toles; Wallace Motor beat Irving Barber Shop; Al's Restaurant beat First State Bank and Hardaway Butane beat Whitlow-Lee. In the men's division on Friday evening, Wayside Grain beat Taylor-Evans; Wallace Motor beat Harman-Toles; Al's Restaurant beat Happy Welding; and Texas Tops beat Arney Grain.

HAPPY WILL HAVE at least three women's teams and maybe one men's team (could be more) in the Invitational Volleyball Tournament in Canyon this weekend sponsored by Beta Sigma Phi. The women's teams are Happy Welding, Shaw's Custom Farming and Hardaway Butane.

KEN AND BARBARA Danner gave a party in their home for their junior high Sunday school class of the Methodist Church. Hamburgers were served to Ronnie McDonald, Lisa Payne, Kim McCaslin, Nancy White, Becky Stubblefield, Brenda Parker, J. T. Henry, J. Horace McCarley, Robert Cole, Lisa Foster, Cody Grubb, Eddie Joe Pearson, Diane Johnson, Bonnie Briscoe, Danny Bell, Pearl Perez, Albert Schoenenberger, and Noel and Karen Danner.

JO AND FAY Hand had dinner in their home on Wednesday evening for Barbara and Ken Danner and their Noel and Karen; Gwynn and Weldon Tucek and their Melissa, Lonnie and Dewayne; Chela Perez and Amadeo Perez and their Randy, Ricky and Pearl; Connie Hand, Tom and myself and our J. T. and Angelique.

JERRY DON AND Dorris Danner have a new baby boy, Chad Emerson, born Feb. 21. Chad weighed eight pounds and seven ounces and was twenty one inches long. This is Jerry Don and Dorris first born. Grandparents are Ernestine and Vilo Danner. Ernestine and Vilo just returned from Houston on Saturday.

LOU DAUGHTERY WAS our hostess at the Sunnyhill Home Demonstration Club last Thursday morning. She served coffee and doughnuts. Mary Jane Miller played while the group sang for an opening exercise. Mary Jane then read a poem, "Sparrow." Barbara Danner, Gwynn Tucek and her Melissa, Maurine Allison, Sharon McCarley and her Bill, Mary Wilhelm, Shirley Williams, Phyllis Bryan, Mary Jane Miller, Bertie Culp, Dawn Moore, Jo Hand, Lou Daughtery and myself answered roll call with "Problems I've had with new threads." Gwen Tucek read the minutes. Maurine Allison gave the council report. Plans were made to attend the District Convention at Boys Ranch on March 29. Lou Daughtery gave a program on sewing threads and the art of making small rugs out of carpet scraps.

MR. AND MRS. Hap Hancock have joined Anna Bee in the bird watching department. I ran into Mrs. Hancock in Canyon (the other week) and she was looking for bird seed. She and Hap are enjoying the bird watching.

BY THE WAY, Anna Bee, Liz died . . . not Lisa. You should have hit the "z" instead of the "sa". Right finger, wrong key.

KAREN, ED AND Vint Wright were pictured in the Tulia paper last week as new residents there. They took the picture before Ed's glasses had time to lighten. Ed has a pair of those new glasses that change with light in some very distinguished gold frames. Happy will miss this young couple, but we wish them lots of happiness in their new home. Vint likes school there. His eyes got as big as silver dollars when he told me, "We get out of school EARLIER down there."

JOY AND BOB Stephenson were visiting families over the weekend. Jessie and Joyce Lane and the Stephensons of Claude really enjoyed their visit.

OLLIE AND MARK Nichols have been to Arlington to visit their oldest son, Lyndahl and his wife, Frances, and their June and Kirk. June is nine years old and was presenting her first piano recital. Kirk is seven years old. Lyndahl and his family have a new home in Arlington. Lyndahl is the Assistant City Attorney there.

ROWDY BRYAN SPENT several days last week with his grandparents, Mr. and Mrs. Ralph Bryan, of Gladstone, New Mexico.

HELEN AND CARL Bryan and their Rowdy recently visited Linda and Doug Bryan in Decatur. They also visited Fort Worth while down there.

THE TRI-STATE Rodeo Club of Happy was represented at the recent Khiva Rodeo which received so much publicity. Sherry Starkey won third in the goat tying and received a third place buckle. Valerie Tipps won sixth in goat tying and does receive points for sixth place. Becky Via, Pam Tatum, Debbie Magness also participated in the show.

HAPPY HIGH ATTENDED the track meet at Boys Ranch last Friday. In the mile relay, they won third. I know they won more, but a proud Mom told me this. The boys will compete at Springlake March 10; Farwell, March 17; West Texas Buff Relays on March 24; Sundown on March 30; and the District on April 5, in Canyon.

HAPPY COWGIRLS TRACK Team will go to Farwell, March 17; Panhandle, March 23-24; Olton, March 31; and to District April 10.

HAPPY WRANGLERS WILL travel to track meets in Clarendon on March 16; Hale Center, March 24; Sundown on March 30 and the District in Canyon April 5.

PAM SHIPMAN HAS been chosen to play in the Golden Spread High School Girls All-Star Game. Pam is a senior and has lettered in basketball for four years. This year Pam has averaged 28 points a game. This game will be March 24 in the Amarillo Civic Center Coliseum. (I hope to be there.) Congratulations, Pam!

HAPPY JAYCEES AND Happy Jaycee-Ettes are involved in a campaign for the election of new officer. Campaigns in the Happy Jaycees are running very exciting. These men put their whole hearts in these campaigns.

PEGGY BATES, ADRIAN'S and Wanda's daughter, has announced her marriage. Peggy will wed Thomas D. Johnson, son of Mr. and Mrs. Harold M. Johnson of Lowell, Indiana, on June 2 at the First Baptist Church of Happy. Both of these young people are senior students at Wayland College.

SARA TIREY AND Ora Mary Sims, Mildred Middleton, Leona McFarland, and Irene Hardaway recently attended the bridge benefit sponsored by Zeta Tau Alpha. This event was held at the Federated Women's Club Building in Amarillo.

JOYCE RAILSBACK HAS gone to work in the Agriculture office on the W. T. Campus. She works under Jayne Weeks.

DON MAGNESS WAS honored Saturday evening with a birthday party. I don't know if I'm supposed to tell how many candles were on the cake, but we didn't burn the place down. I forgot to take my fire extinguisher that I received for Christmas a few years ago and I really had intended to take it. Anyway, life is just beginning for Don. So you can figure it out. Juanita and Lewell Johnson, Della and Lloyd Venhaus, Donna Johnson, Debbie Magness, Judy and Gene Shipman, Charles Tate, Angelique, Sheri and J. T. Henry, Mary Ann and Don and Tom and myself ate steaks and birthday cake at the Big Texan to celebrate. Don was presented several birthday cards. We also ran into Glen Parkay during the evening. Glen is a past president of the Amarillo Jaycees.

MRS. WINNIE TACKITT of Panhandle was visiting the Larry Tackitts on Monday of this week.

BILT RITE FARMS had more company from Mexico this Monday. Enrique Ruiz Medina of Nogales, Sonora, in Old Mexico purchased pigs from Camma Lou and Larry. They have farm sales coming up this month. On March 19 will be the Duroc Sale and March 28 will bring the Hampshire Sale. Both these will be on the D. L. Allison farm north of Happy, where previous sales have been held.

THE SEVENTH GRADE class had a class party last Saturday at the Activities Center on the WT campus. Among the sponsors were Mallie Sheets, Charlotte Weavers, and Dick and Dottie Foster.

ROMAN AND KENNETH Weaver's sister, Marie Watts, from Eldon, Missouri, recently visited in Happy. Roman and Charlotte and Joan and Kenneth entertained her during her stay in Happy.

MODENIA AND GEORGE Rahlfs are visiting their daughter, Jean, and her family in Oklahoma this week.

PHOEBE, SHAUN, SHANNON and Paula Heil visited their mother and grandmother in Follett last Friday and Saturday.

JOE DOWELL, THE WTSU Student who directs the music in our church is on crutches. Seems as if someone was going to roll him in the snow a couple of weeks ago and stepped on his leg instead. Joe has been extremely good-natured about the whole thing.

THE CHURCH OF Christ Revival is March 18 through 21. Brent Adams of Durant, Okla., will be their speaker. He is from the same locality that the Corlis Curries are in Oklahoma. Times for the services are 7:30 a.m. and 7:30 p.m. on weekdays. Of course, their Sunday services are at 10:50 a.m. and 6 p.m.

THE METHODIST LAY Witness Mission is April 6, 7, and 8.

THE BAPTIST REVIVAL begins May 6.

JANALE STOCKETT IS the correct spelling on the newest member of the James Stockett family. Her Daddy spelt it, I'm told. I like it!

MANDI SHIPMAN WAS six years old yesterday, March 7. She had a family birthday party and Angelique Henry for guests.

THE NEWS LAST week told us that beef was selling for $1.25 per pound (on foot) in Japan. This same beef is costing them 40 cents in America and 50 cents a pound for freight. Do you still think beef is too high? If beef had gone up as postage has, it would be $2.14 a pound. Think about that.

IF YOU HAVEN'T visited school this week, there is still time. It is public school week, you know.

See ya!
Mary Neal

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

George Stevens, who is heading up a Saturday drive to sell white canes for sight conservation programs of the area Lions Clubs, holds the small replicas. The Canyon Evening Lions Club is sponsoring the sale in the city. Funds from the sale go to the Lions' Amarillo eye bank.

Lions To Sell White Canes

Members of the Evening Lions Club of Canyon will be on the streets in various parts of the city Saturday selling white canes to gain revenue for their area sight conservation program.

George Stevens, who is heading the drive, said the small white canes will be offered for only a donation during the day-long sale here.

About 10 Lions will participate in the sale, proceeds from which go to the Amarillo eye clinic supported by Panhandle Lions.

In addition, Lions in the area will talk with local residents about the possibility of receiving eye donations for use in transplants.

Outdoor Track Season Opens For University

After taking a break last week, West Texas State opens its outdoor track season Saturday in Portales, N.M., against Eastern New Mexico University and the University of Wyoming.

Coach Bob Kitchens' Buffaloes placed fourth two weeks ago in the Missouri Valley Conference Indoor Championships and spent last week in their first outdoor workouts of the semester.

Eastern New Mexico downed Wyoming, 94-50, in a two-way meet Saturday in Portales and the two teams will be strong opposition for the Buffaloes. Coach Bill Silverberg has a number of standout runners on his ENMU squad from Kenya, including hurdler Tom Esikhati, Phillip Ndoo and Mike Boit. Regie Brown is from Trinidad.

Boit ran a blistering 1:49.9 in the 880 Saturday. Esikhati won both the 120-yard and 440-yard hurdle events. Ndoo won the mile in 4:16.5 and Brown took first in the 440. Chris Brathwaite of Trinidad won the 100-yard dash for the Greyhounds in 9.3 Saturday.

"The meet will be tough Saturday as Eastern has some of the top collegiate runners competing in this country," said Kitchens.

The Buffaloes had a trio of first places at the MVC indoor meet. Carl Brown won the 50-yard intermediate and high hurdle events and Cecil Hood was first in the high jump. Warren Snow was second in the pole vault.

WT Netters To Face AC On Friday

West Texas State University's tennis team will travel to Amarillo Friday to face the Amarillo College at 1 p.m. on the Memorial Park courts.

The Buffaloes of coach David Kent have a 3-2 overall season record. They defeated Hardin-Simmons University, 6-1, last week in Abilene to open their season.

In the Corpus Christi University tournament the Buffs split even in four matches. They lost to Texas A&M, 5-4, and the University of New Mexico, 5-4, but defeated Baylor, 7-2, and Central Texas, 5-4.

Mike Bolton, the West Texas State number one player, has a 1-4 mark after the first week of play. Bill Marsh, the number two man, and number three player John Phillips have 2-3 marks. Dale Corbin, Joe Carrick and Scott Pool, playing in the fourth, fifth and sixth positions, are all 4-1.

Phone . . .

(Continued from Page 1)

from $4.25.

The difference in Amarillo rates is $1.50 for business phones and $1 for one-party residential service. The difference is in the form of increments set up when the area service was installed in 1966. This difference was, and apparently still is, based on the heavy use made of the system by Canyon subscribers.

Commissioner Felix Pierce questioned the difference in the Canyon-Amarillo rates prior to passage of the increase. He said he felt that rates should be the same for both cities.

Other commissioners asked Whitcomb if at some time in the future, when the extra equipment installed was paid for, if the increment charge might be dropped, making the rates of the two cities the same. Whitcomb said this had not been considered at present but he promised to look into that possibility.

The rate increase granted Monday was the first such raise in telephone since 1966.

Also, the new resolution passed which approved the increase also wiped out the 1966 resolution which attorney Cox said was worded in a way that took power of rate control out of the city's hands.

Regarding the installation of left turn signals along the highway, Chief of Police Alan Stewart appeared before the commission and outlined a street plan which he said was acceptable to at least two highway engineers.

The street study had been brought about by Canyon Jaycees several weeks ago when they appeared before the commission to request that action be taken to improve safety and the flow of traffic at 4th Ave. and 23rd Street.

The proposed plan submitted by Stewart would eliminate parking on the east side of the street, leave two lanes of traffic for each direction, with a center lane to be used for left turns only.

Stewart said that he and engineers had found that a plan offered by the Jaycees was not feasible, mainly because it only dealt with one intersection. According to the police department head, the plan to involve the entire area between Spur 48 and 14th Street would work toward solving the entire 23rd Street traffic problem.

The chief cited the number of accidents which yearly occur on the highway and he said a large percentage of those involved vehicles making left turns.

Mayor J. Manly Bryan agreed with the need to work toward making the entire length of the busy street safer and faster flowing and he asked a representative of the Jaycees if they were opposed to the plan as presented by Stewart.

The spokesman said they were not opposed to the plan if it proved workable. "We're not fighting Al's (Stewart) plan. We were working to get something done . . . a lot of people are concerned," the spokesman said.

The mayor and other commissioners thanked the Jaycees for their interest and for the work that they have put out in trying to improve traffic conditions.

After several questions were asked pertaining to the proposed plan, the commissioners instructed Stewart and city manager George Loudder to approach the Texas Highway Department for approval and funding.

Should the highway department approve the plan, city commission action would still be needed before the plan is finalized and put into operation.

The commission also approved the spending of $3,650 during the next year for attracting tourists to the city and area.

A total of $5,650 had been requested by the Board of City Development but members present were told that, by law, only $4,900 could be made possible.

Commissioner Jim Christopher said he thought a figure between $3,600 and $4,000 would be a good starting point and fellow member Willis Harrison threw out the figure of $3,650.

Ken Thompson and Joe Gidden, members of the development board, said they could easily use any surplus funds but both agreed that they would do the most possible with whatever funds were allowed by the city.

By state law, up to one per cent of a city's budget may be allocated for the advancement of tourism and industry.

After it was made known that the $5,650 requested could not be allowed, Thompson and Gidden said they would like to give tourism top priority. Both agreed that if their proposed budget was to be trimmed, the $2,000 set aside for highway and in-town signs should be the things eliminated.

Thompson said they did not want to eliminate any items simply because it was assumed that the chamber of commerce would duplicate the duties.

While Thompson said he felt the advertising should be done in the "biggest splash possible," Gidden said, "But we'll take whatever we can get."

The $3,650, exactly $2,000 less than requested, was granted without a dissenting vote.

Blackwell Seeks Hospital Post

Canyon insuranceman George Blackwell filed this week for a seat on the South Randall County Hospital District board.

Filing deadline for the board election was Wednesday.

Blackwell joins four incumbents on the ballot for election to one of four spaces up for grabs in the April 7 competition.

Others who are seeking re-election are Mrs. T. G. Hull, Vernon Harman, O. H. Rahlfs and Bill Sternenberg.

Blackwell, who owns and operates The Blackwell Agency here, is a native of New Mexico who came to Canyon in 1948. He is a graduate of West Texas State University with degrees in business and business administration.

Blackwell joined the Stevenson Insurance Agency in Canyon in the early 1950s and then became owner of the company in 1955.

He was charter president of the Canyon Kiwanis Club and served as district lieutenant governor of the Kiwanis in 1967.

He currently serves on the education committee of the Texas Association of Insurance Agents.

Blackwell said he is seeking election to the hospital district board primarily because he sees it as an opportunity to "serve and be some value to the community."

He said he feels he could get involved with the hospital district.

"I have no bones to pick with anybody," he said.

Two . . .

(Continued from Page 1)

Others running for the two seats on the school board are Mrs. Pauline Hefley, local businesswoman, David Kent, tennis coach at WTSU, Dr. Wallace Johnston, WTSU professor, and Richard Pruett, incumbent, who owns a local restaurant.

A good babysitter needs a lot more than a way with kids

Of course a babysitter should like children. And like taking care of them. But the job also involves some pretty big responsibilities.

Caring for little ones means being able to handle just about any emergency. Because emergencies often require the use of the telephone, a handy list of important numbers can do wonders for your sitter's confidence.

So write down the phone numbers for fire, police, medical assistance and the places you'll be while out. Keep the list right next to the phone, and remember to call home if your plans change.

Interested in getting more for your telephone dollar? We'll send 30 tips to help you save time and money. No charge. We'll also include an Emergency Numbers List.

First place winners in the Gene Howe Elementary School Science Fair were, front row, Johnny Boyce and Steve Schmidt and, back row, Roby Ingram and Danne Whipple. The four will enter their works in the Panhandle Science Fair in Amarillo on March 15.

Patriotic Play Marks Gene Howe's "Week"

Gene Howe Elementary School in South Amarillo has been a beehive of activity all week as the students found several ways to mark Texas Public Schools Week.

A highlight of the activity was a "Patriotic Play," presented by the combined third grade classes of the school.

The program was "Each State A Star," and it was presented to the student body on Monday afternoon, to an open house and P.T.A. group Monday night, and to the Canyon Rotary Club on Tuesday when the civic group met for lunch at the school.

An estimated 70 students, under direction of Mrs. Gerry Woodward, Mrs. Nynvia Mills and Mrs. Margie Phillips, took part in the fully costumed production. The costumes ranged from styles worn by early American Indians to the more modern wear of airplane pilots.

Andrea Reagan played the part of Columbia and introduced each state and placed a star on a flag while members of the cast told of that particular state and its entry into the nation.

Solos were sung by Glenn Storlie, Alan Cranfill, Teresa Polvodore and Cindy Turner.

The Science Fair was another successful part of the week at the school.

In judging of the dozens of imaginative displays and working models, entries by Danne Whipple, Roby Ingram, Johnny Boyce and Steve Schmidt were honored with first place trophies.

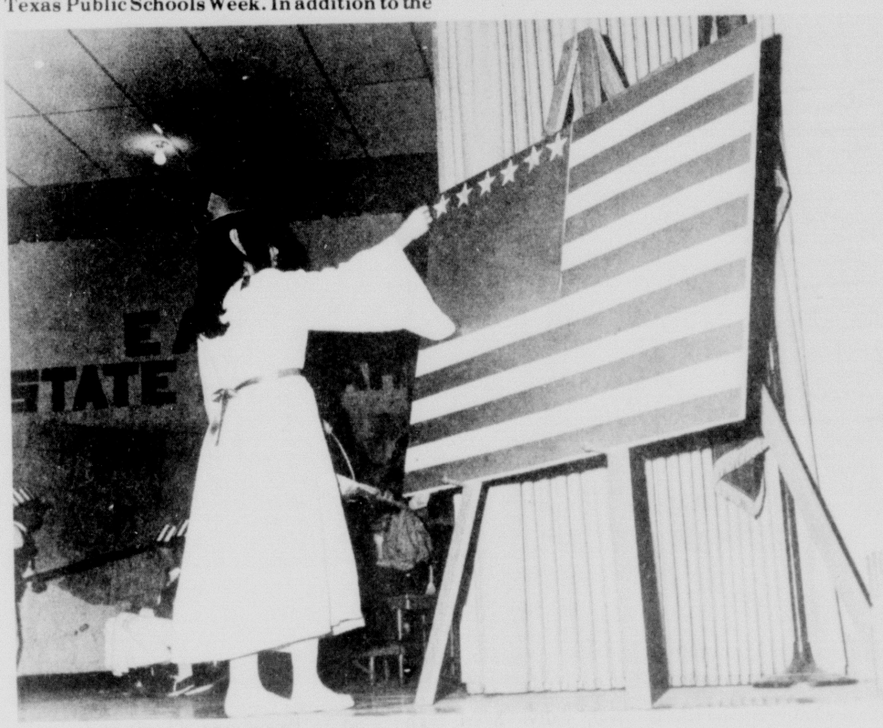
The four top winners will enter the Panhandle Science Fair in Amarillo on March 15.

For young Whipple, it was his third straight year to win top honors. The sixth grader this year entered a working burglar alarm. As a fourth grader he had won with an electro magnet and last year his winning entry had been a fire alarm.

According to the three-time winner, he likes science but hopes one day to become a dentist. He also plays baseball and basketball at school.

Of the four top winners, only Johnny Boyce is a fifth grader. The other three are sixth grade students.

A part of the third grade cast which presented a patriotic program at Gene Howe Elementary School in South Amarillo during Texas Public Schools Week. In addition to the student body, an open house group, the P.T.A., and the Canyon Rotary Club were treated to performances.



Andrea Reagan played the part of Columbia in the patriotic program presented at Gene Howe Elementary School by the third grade classes.

Chamber banquet at some other location next year.

He said he hopes to find a place and a caterer "which is more receptive to our needs" than the caterer at the February chamber banquet, which was held at the West Texas State University cafeteria.

Childs said a membership breakfast is planned for April 12.

Chamber directors also briefly discussed the establishment of the Keith Jackson scholarship fund, which will be used to help female athletes attend West Texas State University.

No decision was made on whether the scholarship money should be given all at once or should be built up to be a continuing fund.

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

Tracksters Score At Vernon Meet

The Canyon High School track team, still hampered by injury and conflicting sports schedules, made a good showing at the Vernon meet last week by finishing fifth in their division which included seven larger schools.

Canyon's 44 total points were posted against Wichita Falls High School, Hershey of Wichita Falls, Rider of Wichita Falls, Iowa Park, Burkburnett, Vernon and Gainsville.

The Eagles were led individually by Steve Williams and Dwight Harper, credited by coach Ron Mills with "putting out a very fine effort." Mills added that he also was proud of Chip Van Pelt who finished second in the discus throw.

Williams came through with Canyon's only first place win when he finished ahead of the pack in the 440. His winning time was 52.1.

Bob Counseller, still feeling the effects of foot surgery, managed to place in both the shot put and discus events. He came in fourth in the discus throw with 121.9 feet. Van Pelt had gained his second spot with a toss of 138.

In shot competition, Counseller chalked up a throw of 46.6.

Harper finished third in the 880 with a time of 2.02.1 and Paul Griffin nabbed sixth in the mile run with 4.58.8. David Anderson was sixth in the 220 with a time of 24.1.

Canyon's sprint relay team made up of Raby Ratliff, Gary Bednorz, Williams and Anderson posted a fifth place win with their time of 45 seconds.

According to coach Mills, the running times were much better than recorded a week ago in the wind, mud and cold at a similar meet held in Hereford.

In the high hump, Bednorz cleared 5 feet, eight inches for a third place win.

Coach Mills, while saying that he was pleased with the results of the marks posted against the stiff competition, also cited several other squadmen for their effort. They included Glenn Holcomb, Dwight Evans, Kirk Snack, Terry Slagel, Doug Harper, Kelly Forehand and Mark Prichard. "They all ran well even though they didn't place," said Mills.

Canyon will take part in a meet at Sunray Saturday, with the first events set to begin at 9:30 a.m.

Mrs. Foil To Lead Bible Study Series

"The Gracious Woman," a book by Mrs. Gene Warr, will be the focal text for a series of Bible study lessons for women to be led by Mrs. Bill Foil.

The first lesson is scheduled for 7-9 p.m. on Monday, March 12, at the home of Mrs. Phyllis Murphree, No. 29, Chaparral Trailer Park. The course is a Baptist project and will relate Bible scripture to women today.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

hybrid corn

PROVEN PERFORMANCE DURING 1972

SX 520 This is a NEW medium maturing yellow corn that was **number one** in yield tests conducted by Ronnie Gfeller, agronomist, on the Dan Heard Farm, 1 mile south of Dimmitt during 1972. With a yield of 221.5 bushels per acre P-A-G SX 520 stood well (0% lodged stalks) and still out-yielded the late varieties of corn. This P-A-G single cross is another of the fast germinating, vigorous, high yielding "new breed" of P-A-G custom hybrids. SX 520 is an excellent dual purpose corn for high grain yield — high quality, top tonnage silage.

SX 98 Distinctive because of its dark green color and relatively up-right leaf for maximum light utilization. SX 98 yields and yields and yields. (208.2 bushels per acre in 1972 Dimmitt tests.) A fairly short hybrid corn (7 ft. 3 in. in tests) with good ear placement. Has a bred-in "digestive system" that gives it the capacity to make full use of large amounts of fertilizer.

344 A very attractive 3-way cross with dark green color and large, girthy ears. The grain is a medium dent of high quality. A real producer, outstanding performance in tests in Dimmitt area during 1971, and produced 190.8 bushels in the 1972 tests. 344 is a proven high yielder.

SS 402 P-A-G Single Cross Super Silage 402 unlocks the door to improved silage quality for the livestock feeder who demands tonnage of top TDN feed. Outstanding seedling vigor gets Single Cross Super Silage 402 off to a fast start. Rugged stalks withstand the strong winds in the high and western plain areas. An abundance of ears on tall stalks with dark green foliage contributes to high tonnage of quality silage.

Troubadour To Perform On March 16

The music and literature of the French Middle Ages and 16th Century will come alive in a performance by modern day troubadour Jean Belliard scheduled at 8 p.m. March 16 at the Canyon Junior High School auditorium.

Belliard, a singer-guitarist, is being presented by the Alliance Francaise of Amarillo-Canyon and the West Texas State University modern languages department.

Belliard, lecturer-performer for the American Federation of Alliances Francaises, was born in Hue, Vietnam. After formal music study, he became professor of music at the National Conservatory of Music at Rabat, Morocco, a post he held from 1959 to 1964.

Noted for his musical analyses of classical Arab music, Belliard has made numerous appearances in Morocco and Tunisia, and for the past two years has been on a world tour sponsored by the French government and the Alliance Francaise.

During his 1971-72 season he presented recitals in Paris, Cherbourg, Limoges and many other French towns, as well as in Great Britain and Scandinavian countries.

Belliard's repertoire features French courtly songs, including many pastorals, ballads, rondeaux and sonnets.

For his appearances, Belliard dons the colorful garb of the French troubadour. The background for his performance is provided by delicate miniatures from 16th Century manuscripts presented on slides which are projected onto a screen on the stage.

Julie Whisler, Elizabeth Zachry, D'Aun Revel and Miles Raillard of the Vocational Office Education class of Canyon High School last weekend represented their school in competition held at San Antonio. Each placed high in a field of about 800 contestants from throughout the area.

V.O.E. Students Place High In Contests

D'Aun Revel, Julie Whisler, Elizabeth Zachry, and Miles Raillard accompanied Mrs. Georgia Lee to the Area IV Youth Leadership Conference and contest held at the Howard County Junior College in Big Spring this weekend, March 2nd and 3rd.

Approximately 800 students from all schools in the Vocational Office Education area attended. Each student entered a maximum of two contests.

Miss Whisler placed fourth in the Typing Occupations, Level II contest, making her eligible to compete in the state contest to be held in San Antonio March 30th and 31st. Out of 48 contestants in Job Applications, Raillard was in the top 12 and participated in the run-offs. Awards were presented at an O.E.A. Awards Banquet held Saturday.

Misses Whisler and Zachry represented the Canyon O.E.A. Chapter as its voting delegate in the election of the Area IV Officers for 1973-1974.

PTA Votes In New Slate Of Officers Headed by Mrs. Harp

By TROYCE MULHERIN

GREETINGS:

ELECTION OF OFFICERS for 1973-74 was held during the business portion of the PTA meeting Monday evening. Ernestine Harp will take over the pleasant and rewarding position of president. Jackie Mayfield was elected first vice president, also known as program chairman. Second vice president, alias membership chairman, honors went to Margaret Ingram. Third vice presidency will be borne by Betty Stokes. Starting next September Betty will be known as the "Chili Supper Lady," as this office entails budget and finance duties.

JANE DAVIS WILL not have opportunity to do much talking, as her office of recording secretary will keep her busy jotting down what everyone else is saying. Corresponding secretary duties will be carried out by Gwyn Sellers, and Nell Moore will again be serving as reporter-historian. J. L. Riley might as well be known as the "Money Man" from here on out, as he will be trying to keep up with the funds in the capacity of treasurer. Yours truly will try to "keep them legal" by virtue of being the parliamentarian. A fine slate of officers with a bran' new year, new ideas, and new energies in store for the PTA.

"EACH STATE A Star" was the theme of the program presented by the third grade students. The kiddos got a little help and some coaching from their teachers, Mrs. Gerry Woodward and Mrs. Nynvia Mills. Mrs. Margie Phillips tossed in some of her patient and talented abilities as music director. Fantastic what these youngsters can and will do. Just as fantastic what these fine teachers can and do do with the youngsters. Superlatives such as "fantastic" actually apply in very rare cases. After enjoying this program, it is quite obvious that that word easily applies in this case.

SCIENCE FAIR PROJECTS were also on display Monday evening. Those clutching well-earned trophies were Roby Ingram, who displayed a real, unlive heart (ugh); Dan Whipple's burglar alarm won him another trophy, this one being the third in a row for this young man. Johnny Boyce received a trophy for his project in physics which demonstrated how water helps generate electricity. A chemical building garnered a trophy for Steve Schmidt. Well done all around.

IN THE FOURTH grade Tim Stokes received a first place ribbon; Randal Whipple a second place ribbon; Steve Sellers a third place ribbon; Stan Ely a fourth place ribbon; and, Mike Bell a fifth place ribbon. Honorable Mention in this grade level went to Brian Spring and Lenise Bybee.

FIFTH GRADERS EARNING ribbons were Rick Steen, first place; Tim Seth, second place; Kevin Dozier, third place; Kent Farmer, fourth place and Ken Cates, fifth place.

IN THE SIXTH grade Melinda Brown took home a first place ribbon; Kelly Thomas a second place ribbon; Kelly Dozier a third place ribbon; Billy Cunningham a fourth place ribbon; and Janet Coffelt a fifth place ribbon. Those receiving Honorable Mention in the sixth grade level were Danny Shea, Monte Bell, Corey Ford, Pam Thrash and Martha Cannon.

IN FACT THE cafetorium was filled to capacity with gadgets and things and whatchamacallits representing hundreds of thinking and creating hours. Good show.

DARLA CAMPBELL CELEBRATED her birthday with a Raggedy Ann cake and lots of help from her friends. Darla became seven years old on the 27th. She is the daughter of Mrs. Darlene Campbell. Many happies to this little lady of the "Tiny Bubbles" fame.

GOOD OL' MODERN Math students were treated to a holiday this week 'cause of many, many conflicts on many, many fronts. Be sure and get your pencils sharpened and sneak a peek at your notes, as Mod Math will resume Monday evening, seven o'clock, in the P.E. room at Gene Howe school. On his way out of the building last week, our Fearless Instructor mumbled something about "testing." Not really, Denny would not do that to us, or would he? See you Monday.

A VERY HAPPY birthday to the lovely Rose Mary Ramaekers who celebrates on the 12th.

THE FOLLOWING REQUEST is not a necessity, but to have the same sure would be nice. We are all familiar with the term "reading circle," as each of our youngsters is involved in such fact of life at school. We are all familiar with another fact of life — this one being that kiddos just naturally take to sitting on the floor. Wouldn't it be nice if we could scrounge up enough carpeting for the reading circles? If anyone is recarpeting her home, or if anyone has some pieces of good, clean carpeting around the ol' homestead not in use, donation of the same would be greatly appreciated. Either give me a ring-a-ling, or take your piece or pieces of carpeting to the school. Let's all get with the program on this little project. Thank You!

GOOD FRIEND HAS the following "food for thought" on display in his office. It is an item worthy of being shared with you. Author is unknown.

How to Stay Young

"Youth is not a time of life — it is a state of mind.

"Nobody grows old by merely living a number of years;

People grow old only by deserting their ideals.

Years wrinkle the skin, but to give up enthusiasm wrinkles the soul.

"Worry, doubt, self-distrust, fear and despair —

These are the long, long years that bow the head

And turn the growing spirit back to dust.

"Whether seventy or sixteen, there is in every

Being's heart the love of wonder, the sweet

Amazement at the stars and the star-like things and thoughts,

The undaunted challenge of events, the unfailing child-like

Appetite for what is next, and the joy in the game of life.

"You are as young as your faith,

As old as your doubts;

As young as your self-confidence,

As old as your fear;

As young as your hope,

As old as your despair."

WORTH GIVING SOME thought to.

F.P. TODD celebrated his birthday on the 26th with a birthday pie — apple pie, of course; made by the apple of his eye, daughter Cindy.

WHY NOT GIVE me a hand with this column by calling 352-6053 with your party news, club news, company news, travelling news, people news, or plain ol' news news. Thanks.

AND, THANKS FOR the use of the hall.

Troyce

Carruth . . .

(Continued from Page 1)

position of Vice-President of Student Affairs, has in our opinion given unquestionable evidence of having the personal assets needed to supply the proper support and guidance for an effective, promising West Texas State University."

A second page to the letter bears the signatures of Cobb, Bynum, Heatly, Clayton and Cates.

Bynum currently represents a district in Amarillo. Heatly was formerly chairman of the House appropriations committee. He represents a district around Paducah in North Central Texas.

Cobb represents a district in the northern portion of the Panhandle.

Cates, a WTSU graduate in the mid-1960s, represents a district in the Pampa area. While at WTSU, Cates worked for Dr. Carruth in the office of student life.

Dr. Carruth, a native of Vernon, is a 1948 graduate of Canyon High School.

He received a bachelor of science degree in 1952 from WTSU, a master of education degree in 1955 from WTSU and a doctorate in education in 1959 from Texas Tech in Lubbock.

From 1955 to 1958, he was social studies teacher at Kermit High School.

From 1958-59, he was a teaching fellow with the department of education and philosophy at Texas Tech.

He joined the WTSU staff in 1959 as a teacher in the education department and as director of men's housing.

He was named assistant dean of men in 1961 and dean of student life in 1964.

Dr. Carruth served from 1952-54 in the U.S. Army in Korea.

The vice president has served in various civic organizations in Canyon and in the late 1960s was named district governor for the Rotary Club.

He has been a director of the chamber of commerce and has been active in various professional organizations.

Regents . . .

(Continued from Page 1)

Cornette are 13 contract agreements to be considered for such things as furniture, carpeting and other equipment items for the new library and science building on the WTSU campus.

Donovan said the agenda does not include an item for an executive session.

University regents were notified of the Friday meeting by telegram earlier this week from Board Chairman Cloyce K. Box of Dallas.

Regent by-laws state that "all board meetings" shall conform to Article 6252-17, Vernon's Texas Civil Statutes, the so-called Texas Open Meeting Law.

Article 6252-17 states that written notice of the date, place and subject of each meeting held by a governmental body shall be given before the meeting. The notice shall be posted at a place convenient to the public at the administrative office and also in the county courthouse at least three days preceding the day of the meeting.

The News has learned that the Regents are also expected to discuss several applicants to the screening committee which is now reviewing applications for the university presidency.

They are also expected to discuss election of new officers for the board of regents.

Elections were originally held just after the new regents were formed.

Box has served as chairman since his appointment by Gov. Preston Smith in 1969.

Regent by-laws state officers shall be elected in even-numbered years at the regular May meeting and shall serve for one year each. Terms of office shall begin September 1 of each year, the by-laws state.

Palisades Palaver

Store Is Transformed To Church

By MILDRED TURNER

MARY OLIVER HAD a recital for her piano pupils last Friday. Those playing were: Tim Carlile, Jeanne McDonald, Christy Fleming, Ranelle and Michelle Walker.

DOUG AND GINGER have moved to Adrian, where Doug has accepted the pastorate. We miss them but that isn't far away and we may venture over to be in their services one of these Sundays.

STAN HOOKER GOT him a 1965 Datsun of which he is real proud.

DEBBIE HOOKER WAS home from Tech last weekend. She is going to be teaching elementary education and P.E. She went for an interview to Midland recently. She is Arlene's daughter.

JAMIE WALKER HAS bought Phil Boothe's Dodge van. Boys, I'm not very good on car descriptions. Some one once asked me what type pickup Garland had and my reply was "green."

TALKED TO VICKI Hooker this week and she likes her new job. Never two days alike. She's putting her college education to work. Her major was sociology and psychology.

DORA WALDROP WAS out of town last weekend visiting an aunt, (and other relatives) Mrs. G.W. Morris, 51) Young Street, Nocona, Texas, on her 99th birthday. There were about 25 to 30 adults besides the grandchildren, great and great great grandchildren who attended this very special family affair.

A PLAY, "EACH State a Star," was presented at Gene Howe recently. Those from the Palisades in the cast included: Tim Carlile, Ranelle and Michelle Walker, Jeanne McDonald and Kim Howard.

FOR THE RENEWAL of your Canyon News subscription call 622-0701 and I'll be there.

JO DELLE WALKER, June Hooker, Judy Webb and Joyce McDonald were having a blast doing their "home work" recently at June's. It looked like so much fun Estelle Atkerson and I have enrolled in the "Stretch and Sew" class.

I HAVE HEARD several appreciative comments on the work you men are doing on the roads. Some of you come by and get Garland to help! Don't tell anyone it was my idea. He doesn't read this column often, says it doesn't make sense except non-sense. Anyway, I've left him here alone a lot lately and he feels neglected. He told someone on the phone he was working on his "bachelor's degree!" If you can finaggle him into the road work, I'd be happy.

I'VE BEEN OUT with Mama Turner some and also went to Albuquerque with Belva to visit Sara, John and Heath Bowie. Please call back if you miss me. While in Albuquerque, we spent one afternoon in Old Town, the river, mountains, the university and went through a Spanish mansion. I was surprised when John told me the crime rate was about second in the U.S. I had read about the balloon contest there recently. Sara says the tube races are exciting to watch and they plan on trying this some time. The snow was still on the northern most slopes but elsewhere was melted.

THE PALISADES SUNDAY School is rapidly growing into a church. For the past two Sundays there has been a worship service and the number has increased to about 32. Everyone is excited about the building also. The building, known as the store, will now be the church. This week the paint brushes have been busy as many are joining in the preparation for this Sunday's services. We are shampooing the nursery carpet this week also. We pray there will also be a piano sitting there ready for use. Some young ladies walked and were eagerly waiting for Sunday School when the doors were opened. This is your community church and you are most welcome.

THE PALISADE HOME Demonstration Club met with Joyce McDonald on Thursday at 10 a.m. There was a lovely "pink" shower for Carolyn Bailey. Lots of ah's and oh's over the 21 ladies. We enjoyed having Becky Hall (Randall County Home Demonstration Agent) and Julie Wheeler (4-H leader) with us.

THE NEXT PALISADES Home Demonstration Club meeting will be with Becky Guess. We will do terrariums so bring your materials. If you'd rather knit you may, but come on and be with us. Actual quotation of several ladies: "Don't know when I've had so much fun in one day!"

Mildred Turner, 622-0701

CELEBRATING OUR Anniversary Sale

Pageant . . .

(Continued from Page 1)

the pageant have been scheduled by Canyon Study Club for the girls. On Monday evening, Feb. 26, at the WTSU Activities Center, they attended a session in grooming, health and poise and rehearsed walk-ons. A number of them also appeared with Canyon Study Club representatives in a taped interview for the Farm and Home Show on KGNC-TV, Ch. 4, Saturday afternoon, March 3.

The complete list of girls competing in the Miss Canyon Pageant are as follows: Denise Hamblen, Teddi Crager, Sharon Nickell, Nancy Winn, Mackie Williams, Becky Blewett, Tracie Erwin, Mary Lou Richey, Anna Bland Thompson, Carolyn Sloan, Charlotte Tompkins, Carla Ratliff, Karon Tompkins, Kay Chitwood, Linda Thompson, Becky Basinger.

Others are Terri Crawford, Dana Tow, Nancy Duncan, Diana Wilhite, Nina Nance, Donna Stark, Cindy Fowlkes, Tonya Hunter, Debbie Throckmorton, Jan Wieck, Priscilla Carroll, Tanya Kent, Tonya Riley, Cindy Johnston.

Also included are Nikki McCarter, Becky Wallace, Janice Gallop, Brenda Brooks, Debbie Ramaekers, Kathy Lewis, Mindy Hicks, D'aun Revel, Charlene Moulton, Sheryl Gunter, Debbie Smith, Christi Prichard, Brenda Stevens, Julie Whisler, Julie Whittington, Melissa Wright, Pam Lightfoot and Pam Sanford.
